NO. 138.

BIG MEN'S MEETING

BROTHERHOODS TO ATTEND RANDOLPH SPEAKING IN A BODY.

ENDS GREAT RALLY WEEK

Former Pastor and Paul Prosser Coming Tomorrow—Women Invited to Occupy Sunday School Room.

The Men's Brotherhood and the Organized Bible class of the Baptist church will attend the reception for the Rev. J. D. Randolph of Fayette tomorrow night in a body. Dr. K. R. Malotte, the president, said today. Seventy-five or eighty men are expected to help honor the founder of the Wage Earners at the Buchanan Street Methodist church.

A crowded church is expected by the Southern Methodists, as all of the Brotherhoods of the churches have been invited to attend. The Rev. R. C. Holliday, pastor of the church, received word from Mr. Randolph that he would arrive tomorrow night at 7:28. Paul Prosser, candidate for congress and probable candidate for attorney general of Missouri, will be the other speaker. Mr. Prosser will arrive from St. Joseph tomorrow with his bride of a few weeks. He is considered one of the really brilliant orators of the Democratic party.

The women of the church will hold an all-day meeting tomorrow with lunch at the church. The reception for the former pastor will close a full day for the Buchanan Street Methodist church.

The Brotherhood of the Christian church will meet in the study at the church tomorrow evening at 7:15 o'clock and will march in a body to the Buchanan Street Methodist church. The speaking will not commence until 8 o'clock.

WILL COOK SUCCEED BAKER?

Rumored That Democratic Friend of Governor May Be Named for Hospital Board.

It is being reported in political circles that Governor Major is intending to appoint a Maryville Democrat on the board of managers of state hospital No. 2 at St. Joseph, to succeed George B. Baker, who resigned recently.

The report has it that Ellis G. Cook, Charles F. McCaffrey and W. A. Townsend are the ones being considered by the governor, and that Cook will probably be the one to receive the appointment. Cook has always been close to Governor Major, having supported him in the primary election for governor. He took a prominent part for Major and has frequently been a visitor to Jefferson City to see the governor.

SHIP CREW OF 80 LOST.

Canadian Steamer Wrecked in Storm Off St. Johns.

Special to The Democrat-Forum. Montreal, Nov. 11.—The steamer Dagordon, owned by the Canadian steamship lines, was wrecked today in a heavy storm. It was driven on the rocks between Sidney and St. Johns.

It is believed that the crew of eighty are lost.

FRANCIS X. BUSHMAN, STAR THEATER TONIGHT. In "The Great Silence," 3 acts. Hamilton and Duncan in "Ham in the Ham," a roaring good comedy. Saturday, Charles Chaplin in "A Mix-Up."

MISS ANTHONY TO INSTITUTE

Normal Home Economics Instructor Will Address Teachers at Nashville, Tenn., Meeting.

Miss Hettie Anthony, head of the home economics department of the State Normal school left Tuesday night for Jamesport, Mo., where she delivered lectures yesterday and today before a teachers' conference. From there Miss Anthony went to Spickard, Mo., where she will attend an agricultural meeting and assist in judging the exhibits.

Miss Anthony will then go to Nashville, Tenn., where she has been invited to speak at the meeting of all the home economic teachers in state normal schools in the United States, which was called by United States Commissioner of Education P. P. Claxton.

The subject of Miss Anthony's address is "The Relation of the Home Economics Teacher in the Public Schools to Their Immediate Community and to the State." The sessions will be held in the auditorium of the George Peabody Institute.

On her return from Nashville Miss Anthony will stop at St. Louis for a short visit with her sister, Mrs. Charles Lippman, and will be accompanied home by her nephew, Cyrus Lippman, who will make his home with his grandfather, Judge C. A. Anthony, while attending school this winter.

NEW WAR PLANT BURNS

FOUR FIRES IN 24 HOURS IN MUNITION FACTORIES.

Trenton, N. J., Concern Latest Victim—Was Making Barbed Wire and Chains for Allies.

Special to The Democrat-Forum. Trenton, N. J., Nov. 11.—Fire, believed to be of incendiary origin, destroyed the wire rope mill of John A. Roebbling & Sons, where war orders were being filled. Twenty houses were also destroyed. The loss is estimated at \$7,000,000.

The plant was working night and day turning out barb wire and chains for the allies. This is the fourth fire in munition plants within the past twenty-four hours.

PUPILS PLAN BENEFIT PLAY

Ward School Children Will Give Program at High School Auditorium Friday Night, Nov. 19.

A benefit play will be given Friday night, November 19, at the high school auditorium by the pupils of the three ward schools.

The program, beginning at 7:45 o'clock will be arranged in half hour periods for each school.

The first section will be given by the children of the Franklin school, and it will be a half hour entertainment called "Rhymes and Plays for Happy Days." It will open with the "Swing Song," followed by a Brownie dance, participated in by 21 children. The closing number will be a descriptive exercise called "Our Dollies," to be given by fourteen little girls, and opening with a lullaby song, "Sweet and Low," sung by the school.

The Garfield pupils will give the second period, which will be called "In Little Folk Land." This will be a street scene with the boys and girls at play, and is given in Mother Goose characters. It will include songs, dialogues and descriptive numbers.

The closing numbers will be given by the Jefferson pupils and will be presented in two parts. The first will be a Thanksgiving playlet and the second part will be a goblin drill with accompanying recitations.

The entertainment is given to earn the money for some special school supplies.

Returns to Topeka.

Mrs. Maltbie of Topeka, Kan., sister-in-law of Mrs. C. E. Hopper, of Garden City, Kan., who came here to sing at the funeral services of the late Mrs. A. M. Hopper, left this morning for her home. Mrs. Maltbie is widely known over the state of Kansas as a contra-alto soloist and evangelistic singer.

2 THIEVES CAUGHT

WALLACE AND MOBERLY GET MEN SOUTH OF ARKOE.

HAD RIDDEN ALL NIGHT

Charles Hyatt and George Sigler of "Nowhere" Stole Tools and Tarpaulin Tuesday.

Chief of Police E. C. Moberly and Sheriff Ed Wallace are trying to qualify as full-fledged detectives. The bloodhounds were not the only help in the experience by which these Nobody officers of the law captured the thieves who took the tarpaulin and brass off an engine from the farm of Wayne Judah Tuesday night.

Two men are in the county jail to wait for the January term of court. They give their names as Charles Hyatt and George Sigler, and say that their homes are where they can sit down and take their hats off. They were caught late yesterday afternoon about four miles south of Arkoe.

Mr. Judah has identified the stuff as his, but the thieves had another tarpaulin worth almost as much as the \$40 one which belonged to George Lucas, who was baling hay on the old A. O. Mason farm, east of town, where Mr. Judah lives. The second tarpaulin is somewhat smaller, but is as good a canvas.

The other possessions of the men were two quarts of whisky each, an old gray plug horse, an old buggy with a home-made box bed and some junk which is too good to be sold for junk. The men appear to be about 40 years old. They had evidently driven all night.

When the men were found south of Arkoe, they were asleep under the buggy and no tarpaulin or brass could be found. But the bloodhounds stepped into the case again, and a trail up into a corn field was soon discovered which led to the stolen property covered with grass and corn stalks.

The men sold junk here in Maryville Monday and Tuesday, and the fact that the stuff they were selling seemed to be so good caused Chief Moberly to be suspicious. So he put a careful tabulation of their descriptions in his mind. When W. F. Phares and R. P. Hosmer were returning from a hunting jaunt Tuesday night they met these men in the road near Judah's farm.

Their suspicious actions caused Phares and Hosmer to tell Wallace and Moberly about the men yesterday morning before the news of the robbery was phoned to town. After taking the dogs to the scene and becoming convinced that the two men were the guilty persons, all Moberly and Wallace had to do was to phone their descriptions all over the county.

Soon after dinner a telephone message from below Arkoe told the chief and sheriff that the men had passed there. It was only the matter then of getting down that way in a car and making the arrest. Today the baling crew has its tools and tarpaulin back and the two men in the county jail are reflecting on the precept "You can't get away with it."

BRANIGERS HOME FROM WEST.

Have Interesting Experiences While in British Territory.

Mr. and Mrs. R. S. Braniger returned yesterday from an extensive western trip during which they have visited all places of interest along the Pacific coast from the Mexican border up to Vancouver, and many inland places through the west and British Columbia.

Many amusing incidents happened to the Branigers during their tour through Canada, because of their being in the British territory.

The same surveillance is used there as in England, and every one entering is subjected to a rigid inspection. Searchlights are used constantly at night for protection, and every means taken to safeguard their property and people.

Mr. and Mrs. Braniger visited both western expositions, and at Balboa, Cal., visited the Dr. D. C. Wilson family, and on account of Mr. Wilson's illness remained some time in order to be of assistance to Mrs. Wilson and Edith. Dr. Wilson is greatly improved at present and the family expect to return to Maryville.

Raymond Wray, son of Curtis Wray, formerly of the Tribune, but now connected with the Springfield Republican, was in the city today visiting relatives and friends. He is on his way to Springfield from a visit with relatives at Omaha.

NOTED PREACHER TO COME

The Rev. Lawrence Wright of Des Moines Will Be at Christian Church

Next Sunday Morning and Evening. The Rev. Lawrence Wright of Des Moines, Ia., one of the leading evangelists in the Christian denomination, will preach at the First Christian church next Sunday morning and evening.

Mr. Wright is one of the most highly recommended and widely known men of the church, and the opportunity of hearing him will be one appreciated by the Maryville people. The services will be at the regular hour and all are invited to come.

23 OF U. S. MISSING

360 STILL MISSING FROM SUNKEN ANCONA.

NO WARNING BY U-BOAT

Captain Massardo at Tunis—Survivors Say Many Were Killed by Shells.

Special to The Democrat-Forum. Rome, Nov. 11.—Fragmentary reports received place the death list at 272, and there is little hopes of the others being picked up. There were twenty-six Americans listed and twenty-three reported as missing. Cecil Grell of New York was the only American cabin passenger saved. Captain Massardo is lost.

The Germans claim that the Ancona was trying to escape, it was officially announced, but the Italian consul at Tunis reported that the Ancona stopped when shots were fired across the bow.

The Austrian submarine continued to shell the steamer, however, and killed and wounded scores of passengers. The report of the consul was based on statements made by survivors who also charged that the submarine fired on the small boats in which the passengers were trying to escape in.

An official announcement has been made that the Italian liner carried 496 passengers and a crew of 160. Three hundred and twenty are accounted for and 360 are missing.

Captain Reported Saved.

London, Nov. 11.—The Reuter Telegraph agency at Tunis reports that Captain Massardo has landed at that place. He said that the submarine opened fire without any warning.

12 DEAD IN KANSAS STORM

Tornado Sweeps Across State, Doing Greatest Damage at Great Bend—All Wires Down.

Special to The Democrat-Forum. Hutchinson, Kan., Nov. 11.—A tornado from the southwest swept down over south central Kansas early last evening and struck Great Bend, where at least twelve were killed. It is estimated that one hundred were hurt and property named at a half million was destroyed in the cyclone path, which was twenty miles in the vicinity of Great Bend.

Telegraph wires are down in the stricken district and full details are lacking. It was learned that Ellinwood and Holsington were in the path of the tornado.

The report is that the storm caused heavy damage in sections of South Dakota and Iowa.

Late reports are that two are dead, three fatally injured and a hundred hurt here. At Great Bend three are dead, two fatally injured, and one is dead and sixty hurt at Zeba.

Tornado at Danville, Ill.

Danville, Nov. 11.—The Malleable Iron works was partly destroyed by a tornado this morning.

To Spend Winter.

Mrs. Lavencour Michau will leave about December 1 for Oklahoma City, to spend the winter with her daughter, Mrs. Frank Shoemaker, Jr., and family.

The Rev. Father Henry F. Niemann left Thursday for Carrollton, Mo., where he will conduct a forty-hour devotion service, Friday, Saturday and Sunday.

NEW WATER IS ON

EAST SIDE SAND POINTS HOOKED UP TODAY.

FIRST TESTS ARE GOOD

No More Water From River, But West Points Will Be Used—Room for Twenty-Five More.

No more city water in Maryville from 102 river. The new sand points are being used now, according to a telephone message this afternoon from J. H. Martin, superintendent of the city water department. None of the new water will go into the mains until tomorrow, however.

The pipes were hooked up to the engines late this morning, but all of today was spent in getting the mud and dirt out of the new pipes. The new water appears to be free from alkali, iron, or any of the impurities which made aeration and filtration necessary on the old supply.

The twelve wells on the west side of the river have been pumped continuously since early in May. All the indications are that the supply will be much greater on the east side with thirteen points. And there is room for twenty-five more if necessary.

Much interest is attached to the tests which are being made today of the quality and amount of flow from the new points. Mr. Martin said that it was not expected that all of the water needed by the city could be drawn from the new wells than from those on the west side because they are smaller.

No more water will have to be taken from the river after today, however, as the two systems of points will fill the demand. The members of the board of public works and the water department announce that visitors who come down to see the new system will be welcomed.

The members of the board which have made the improvements for the city are: E. L. Townsend, S. G. Gilman, M. E. Ford and R. L. McDougal. They made a visit to the water pumping station and the new points late this afternoon. A number of the other city officials also went to the scene of the new water supply.

TO HOLD WHITNEY RITES.

Services Tomorrow Afternoon—Many Out-of-Town Relatives to Attend.

The funeral services for Mrs. H. F. Whitney, who died yesterday afternoon at the family home, will be held at 2:30 o'clock tomorrow afternoon at the residence, 202 South Prairie street, conducted by the Rev. Gilbert S. Cox, pastor of the First Methodist church. The burial will be made in Oak Hill cemetery.

Among the out-of-town relatives to attend are Mrs. Whitney's daughter, Mrs. Earl Gruber, her husband and son of Grant City, and Mrs. A. A. Schaffer and two sons of St. Edwards, Neb., all of whom arrived here before Mrs. Whitney's death, and Mr. and Mrs. Delbert Anderson, Dr. and Mrs. A. H. King and Mrs. William McLeod, all of Coalinga, Ia. Mrs. Anderson, Mrs. King and Mrs. McLeod are sisters of Mr. Whitney.

Beside her husband and children, Mrs. Whitney is survived by an aunt, Mrs. Jane Hanna, living north of Maryville.

Ill With Blood Poisoning.

Mrs. N. H. Key, 320 West Lawn avenue, is confined to her home by an attack of blood poisoning, caused from an injury she received several days ago when she stepped on a nail.

William McIntyre was fined \$5 and costs this morning for drunkenness by Mayor U. S. Wright.

"LOVEY MINE."

MUST PAY TO USE PHONE

Skidmore Company Expects to Enforce Law Prohibiting Non-Subscribers Getting Free Service.

The Skidmore Consolidated Telephone company proposes to enforce strictly after January 1 the law making it a misdemeanor for a non-subscriber to use their telephone without paying toll.

The charge is five cents to talk anywhere in Skidmore. A non-subscriber talking over a commercial wire from Skidmore will be charged 15c for the message. This order is in compliance with a ruling of the public service commission of the state of Missouri, and was enacted in 1913.

An informal mass meeting of the officers and stock holders of the company was held yesterday afternoon and it was decided to enforce the new law. A first offender of this law can be punished by a fine of not less than \$100 nor more than \$2,000.

HIS SECOND CROP OF PEAS

G. B. HOLMES HAS FREAK OF NATURE IN GARDEN.

Vegetables Were Filled Out But Only About Three Handsful—Benefits of Democratic Administration.

Folks who have been poking fun at tales of what the remarkable weather has done for us this fall had better beware. Those who were skeptical when a news dispatch told of roses blooming at Milan, Mo., and laughed heartily when told of new potatoes being harvested at Chicago, have a fall in pride coming.

For Maryville has such a fall prodigy in its own midst. G. B. Holmes, Sr., gathered three hands full of new peas from vines this morning and thinks he would have had a mess if the cold snap had delayed a week.

The peas were well filled out and fully developed. The vines had grown up where pods had dropped from the regular summer crop. Mr. Holmes thinks that equals or bests George Hulet's fall strawberries, and suggests that all this good fortune is no doubt due to the Democratic administration.

And Cooper Gooden hastens to add that he sees no sense "whatsoever" in people going to Florida or California for a fine climate.

SON TO DR. AND MRS. COGSWELL.

Mother Was Formerly Miss Bertha Kirch, Daughter of Mrs. John Kirch.

Dr. and Mrs. J. G. Cogswell of Riverton, Wyo., are the parents of a son, their first child, who was born October 15. He was named John Nathan for his two grandfathers.

Mrs. Cogswell was Miss Bertha Kirch, daughter of Mrs. John Kirch, before her marriage.

READING CIRCLE SATURDAY.

Polk Township Teachers Are Studying Bagley's "School Discipline."

The Polk township Reading Circle will meet again Saturday afternoon at 2 o'clock in the circuit court room of the court house. About twelve teachers are studying Bagley's "School Discipline" under the leadership of Bert Cooper, county superintendent.

Membership is open to any others beside teachers. The circle will be addressed at various times during the winter by professors from the Normal and other specialists.

REV. O. L. SAMPLE TO SPEAK.

Methodist Brotherhood Will Hold Its November Session Tomorrow Night.

The regular monthly meeting of the Brotherhood of the First Methodist church will be held at 7:30 o'clock tomorrow night at the church.

There will be a short business meeting at which several new members will be received, and this will be followed by an address by the Rev. O. L. Sample pastor of the Methodist church of Burlington Junction. At its close refreshments will be served and a social time enjoyed.

Mrs. O. M. Woodard of Creston, Ia., who has been the guest of her husband's parents, Mr. and Mrs. F. A. Woodard, departed last evening for St. Joseph, where she will be the guest of Mr. and Mrs. Earl Phillips.

DRINA TO GREECE

TEUTONS' LINE UNBROKEN FROM POINT IN RUSSIA.

SOUTH FIGHTS CRITICAL

Bulgarians Trying Hard to Break Through Anglo-French Line—Retreat in Dardanelles.

Special to The Democrat-Forum. London, Nov. 11.—A terrific battle is being fought in the southern part of Serbia, where the Bulgarians are trying to get between the British and French forces. The losses on both sides are enormous.

The situation at Monastir is critical where communication with the Serbian army is being completely cut off. The Bulgarians have succeeded in breaking the communication with the British and French forces, thus giving the Teutons an unbroken line from Drina in Russia to the Greek frontier.

Germans in Serbian Mountains.

Berlin, Nov. 11.—The German troops are now in the mountain west of Nish, where the Serbians are holding their strongholds. Four thousand Serbians have been taken.

The Bulgarians have crossed the Moravia, which places them in close co-operation with the German army.

British Retiring On Gallipoli.

The Berlin Tageblatt claims to have reliable information that the long expected retirement of the allies on the Gallipoli peninsula is taking place now.

Kitchener Violently Attacked.

London, Nov. 11.—A. A. Lynch, Nationalist leader, bitterly attacked Lord Kitchener in the house of commons today. He said that the war minister's blunders stood out like Gibraltar in the world of blunderdom.

FLYNT TO KANSAS CITY

Will Leave in the Morning to Accept Position With E. E. Harper.

F. L. Flynt and family will leave in the morning for Kansas City where they will reside. Mr. Flynt has accepted a position with the E. E. Harper firm of consulting engineers and will be superintendent of construction. His first work will be at Pleasanton, Kans.

Mr. Flynt has been city engineer of Maryville for the past few years and until recently was engineer and street commissioner, when he resigned within the past week at the request of a few on the board of aldermen. His resignation was effective November 15, but he handed in another resignation to Mayor Wright making it to take effect at once.

Mr. Flynt has made a number of friends in the city who wish him success.

DEATH OF WM. DICKSON.

Died at St. Joseph Hospital at Noon Today — Was a County Charge at the Asylum.

William Dickson died at St. Joseph Hospital No. 2 at noon today according to word received by County Clerk Fred Yeomans. Mr. Dickson had been a county charge at the asylum since January 22, 1913.

No arrangements have been made about the funeral services but it is probably that burial will take place in St. Joseph. Mrs. San. Leach of Pickering and Mrs. Dora Brooks of St. Joseph are sisters.

Mr. Dickson was about 36 years old. He was reported from British Columbia here in the fore part of 1913 and having no money he was ordered sent to the asylum as a county charge, having been a resident here many years ago.

Largest Circulation in Nodaway County

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

It wouldn't do any harm if some of the auto scorches should get scorched by the law.

Radium has suffered a long drop in price. So far as is known, nobody in this county has suffered any financial reverses as a result.

Greece doesn't care to get into the war but will appreciate a small loan of forty million francs from the allies just the same.

Some time ago our republican exchanges were afraid that Mexico would not be pacified. Now they are afraid it will be.

Gov. Major is still advocating good roads but there is a suspicion that he would like to see a few bad places left for Jim Reed to run over.

Mayor Wright knows that the life of a public servant is not a continuous round of pleasure and he believes that a peace-destroying, money-losing job should be passed around among the patriots.

The Duke of Manchester, who a few years ago married a million dollars, and got a Cincinnati girl thrown in, is broke and he can't even boast of being the first busted duke that has been allowed to spend an American girl's fortune.

Mrs. W. G. McAdoo, the wife of the Secretary of the Treasury, made Washington gasp by "wearing" a cane and swinging it just like a man along the streets of the capitol a few days ago. We will forgive her if she will just leave cigarettes alone.

Home From Kansas.

Mrs. J. P. Frazee has returned from a several weeks visit with relatives at Horton, Kans., and other places.

In Memoriam.

Whereas, Divine Providence has called from our midst our beloved brother, W. B. Blachley; and, Whereas, this chapter has lost a faithful and beloved member, the community an honored citizen and his family a true and devoted husband and father; therefore, be it

Resolved, That Rosanna chapter, No. 262, Order of the Eastern Star, extend to his family and friends its sincere sympathy.

"Beautiful life is that whose span is spent in duty to God and man. Beautiful calm when the course is run; Beautiful twilight at set of sun; Beautiful death, with a life well done."

Be it further resolved, That a copy of these resolutions be given the family of the deceased; that each of the city papers be furnished with copies for publication; that our charter be draped with the usual badge of mourning, and that said resolutions be spread upon the records of our chapter.

Respectfully submitted this 10th day of November, A. D. 1915.

MABEL E. HUNT,
MRS. NANNIE COOK,
BYRON A. FROST,
Committee.

Take Hall's Family Pills for constipation.

LEGLESS MAN A GOOD FARMER

Does All Kinds of Work on His Place and Is Prospering.

Battle Creek, Mich.—As an example of pluck and energy consider Myron L. Briggs. Mr. Briggs, who has no legs, does practically every kind of farm work and is prospering.

Briggs is about forty-five years old, strong and healthy. He hitches up his three horse team and cuts his own hay, wheat and oats, then goes out and cuts more for neighbors who have no blinder.

He can climb up a ladder over the high crossbeam into the hay mow and throw down or mow away hay almost as rapidly as well as any able-bodied worker. He can hitch up his team and drive out into the field alone and plow or harrow all day, using seats on each implement. He rides a two horse cultivator and cultivates corn and potatoes by a hand stick attachment that operates two cultivator gangs.

Mr. Briggs lost both legs in a street car accident in Grand Rapids about sixteen years ago.

SERVANTS MUST PASS TESTS.

Examinations Planned by Montclair Women—Wage Put at \$25 a Month.

Montclair, N. J.—Work and wages for Montclair household servants are to be standardized. It is proposed by the local Housewives' league to have a central testing station, which will be conducted in co-operation with the board of education. Applicants for positions will be required to present themselves there and undergo tests in cooking, serving and other household accomplishments.

To those who pass the tests certificates will be awarded entitling them to employment at the rate of \$25 a month where one servant is employed. The Housewives' league by a canvass of the women of the town has concluded that this is a fair wage. It is asserted that efficient help is available in Montclair, but because a system has not been maintained in the past many residents have gone out of town in search of servants.

TOWN IS REWARDED FOR ITS HOSPITALITY

Winchester, Va., Will Get \$1-500,000 From Outcast.

Washington.—Because it showed hospitality to a stranger from Pennsylvania who was hated at home the city of Winchester, Va., sixty-two miles from Washington and boasting of a population of 7,000, will come into possession of a legacy of \$1,500,000. It is the bequest of John Handley, an eccentric millionaire of Scranton, Pa., who died twenty years ago.

Behind the legacy is a story that dates back to the civil war, when the people of Scranton stoned Handley as a Confederate spy, down to the day a few months ago when Handley's executors informed Winchester that it was heir to the Handley fortune.

Handley's will provided that for twenty years his executors should administer the bulk of his estate in such a way that at the end of that period they could hand it over to the Virginia city for the "education of her poor."

In a separate bequest, handed over to Winchester soon after Handley's death, the old man left \$250,000 for the erection and equipment of a public library, which is now in use.

The town will use the money to build what it aims to make the model high school of the United States.

BAKED 20,000,000 BUNS.

Head of University of Notre Dame Bakery Kept Careful Count.

South Bend, Ind.—Brother William, who estimates that he has baked approximately 20,000,000 breakfast buns, has completed his fifteenth year as the head of the bakery of the University of Notre Dame. He has kept careful count of the various eatables he has prepared since he began. The brother's family is about 1,500 while school is in session.

By Brother William's calculations he has mixed 32,850 barrels of flour and made 642,500 five pound loaves of bread, 16,425,000 cookies and almost 20,000,000 buns for breakfast.

HOPES TO REACH 112TH YEAR

Uncle Abe Saw General Jackson and Talks Like History Book.

Atlanta, Ga.—Uncle Abe Coulter of Lafayette, Ga., is going strong for his one hundred and twelfth year. He was born Jan. 7, 1804, at Jasper, Tenn.

He remembers seeing General Andrew Jackson and his army. He saw the Indians corralled at "Big Spring" at La Fayette in 1837 and tells strange stories of happenings when the section was occupied by Indians. To hear Uncle Abe talk is like turning the leaves of history.

Murder Makes Tree Droop.

Thomasville, Ga.—There is an old pine tree beside a public road in Thomas county whose boughs all bend toward the ground. Legend has it that many years ago a man was murdered under it, and since that time the limbs have all grown downward. The colored folk attach much significance to the story and when passing always drive as far as possible on the opposite side of the road.

Members Christian Brotherhood, Attention!

All members of the Christian Church Brotherhood are requested to meet at the church study Friday evening at 7:15 p. m., and we will go in a body to the meeting at the Buchanan Street Methodist church.

F. P. ROBINSON, President.

Mrs. Sturm Critically Ill.

Mrs. Matt Sturm of Conception who is critically ill with pneumonia was brought to St. Francis hospital today for attention. She is a sister of Mrs. Aaron Felix of this city.

Wind Damaged Window.

The large plate glass in the west window of Alderman-Yehle was broken Wednesday night when the wind blew the awning against the window.

To Move to Maryville.

George Sturgeon of Hopkins sold this week his property he owned in Maryville to Harve Bradley of that town, who expects to move here. Consideration was \$1,500.

Mr. and Mrs. C. E. Hopper and son left this morning for their home in Garden City, Kan., having been called here by the illness and death of the former's mother, the late Mrs. A. M. Hopper.

12 FIRST SQUAD PICKED

CAPTAINS CHOSEN FOR TOURNAMENT AT NORMAL.

Walter Scott of Last Year's Team Back Next Week, But Howard Leech Will Not Be Able to Play.

Three teams for a basket ball tournament for which Director Hanson and Coach Palfreyman have arranged at the State Normal school were chosen Tuesday at a meeting of the boys who are interested in basket ball. Another may be selected later. The captains of the three teams are Charles Hunter, Lyle Hanna and Harold Sawyers.

The twelve men who will compose the training squad of the first team candidates were exempted from the tournament. They are Omar Lyle, Madison Wilson, Fred Vandersloot, Ralph McClintock, Paul Powell, Oscar Lollis, Homer Scott, Neil Garard, Howard Leech, Lee Scarlett, Charles Wells and Lloyd Hefflin. The squad will be enlarged next quarter by the addition of Walter Scott, member of last year's team, who will enter school at that time.

Howard Leech, who played forward on last year's team, and who probably would be assured of a berth on the team again the coming season, has announced that he will be unable to play, because of his work.

cares to behold. Yet that is what will happen if your hair does not stop falling out.

Rexall "93"
Hair Tonic
in our opinion is the best hair tonic on the market. Sold only by us—50 cents.
Orean-Henry Drug Co.

A. E. Meyer of the Phoenix Insurance company at Kansas City was in the city today. He is the western agent for the company.

L. W. Booher, son of Congressman Charles F. Booher of Savannah, has purchased the big Chalmers car of Rev. N. McNamee of Hopkins.

Judge and Mrs. W. C. Ellison went to Kansas City yesterday for a few days visit.

George W. Hartley returned at noon today from a week's business trip through Kansas.

IN RURAL TRACK MEET

UNION, WHITE CHAPEL AND MOUNT TABOR CONTESTED.

First Schools to Follow Plan as Shown by Director Hanson During Teachers' Meeting.

The first of the rural track meets, which were expected to follow the model track meet during the Teachers' association, which was given by the pupils of the Normal training school under the direction of Coach Hanson, was held last Friday at Union school, in the northwest part of the county.

Mount Tabor, White Chapel and Union schools participated. A base ball game between Mount Tabor and Union school was fought to a draw, 8-8. This was the first of community meetings which are being planned for that neighborhood and was well attended.

Miss Marie Johnston is teacher at White Chapel, Miss Laura Walton at Mount Tabor and Miss Audrey Broyles at Union.

The members of the two teams were: Mount Tabor, Dorce Vanfossen, Elmer Clark, Herman Vail, Ola Johnston, Garth Hopper, Wilbur Vail, James Woods, Murlin James and Ivan Bridge-water. Union, Carl Smith, Howard Younger, Sammie Callahan, Francis Duncan, Marvin Duncan, Ward Smith, Vernon McMillen, Lawrence Smith and Glen Duncan.

The results of the meet were:

50-yard dash, boys 10 to 12 years old—First, Glen Gwinner, White Chapel; second, Sammie Callahan, Union.

50-yard dash, boys 8 to 10 years old—First, Rolland Leur, Mount Tabor; second, Eldon Younger, Union.

50-yard dash, boys below 8 years old—First, Wilbur Woods, White Chapel; second, Orvie Williamson, Mount Tabor.

75-yard dash, boys about 12 years old—First, Dorce Vanfossen, Mount Tabor; second, Ross Gartner, White Chapel.

50-yard dash, girls—First, Lou Eva Johnston, Mount Tabor; second, Gladys Kindman, Union Star.

Running high jump—First, Dorce Vanfossen, Mount Tabor; second, Glen Gwinner, White Chapel.

Shingle race, girls—First, Gladys Kindman, Union; second, Lou Eva Johnston, Mount Tabor.

FARMER IS INTERVIEWED

NODAWAY MAN QUOTED IN ST. JOSEPH GAZETTE.

H. N. Moore Says Agricultural and Industrial Congress in St. Joseph Attracts Men Here.

"I am looking forward with great interest to the interstate agricultural and industrial congress in St. Joseph, December 9-11," declared Henry N. Moore, a prominent farmer of Nodaway county, who was in St. Joseph Tuesday, marketing his second consignment of hogs in two weeks.

"We farmers appreciate the fact that the congress means much to us and that important problems will be discussed by men who have had the time, opportunity and skill to work them out, and I and my neighbors plan to take advantage of the opportunity to hear these experts.

"We farmers have had handicaps enough this year that we will appreciate any light on our problems, or any suggestions as to how to overcome the losses we sustained. We realize that it is such hardships that whet our insight and prompt us to better methods and broader notions of farming. If the St. Joseph farm congress can bring together men who will help us advance agriculturally, we Nodaway county

farmers will be glad to take advantage of the opportunity to hear them. The former congresses have given us many ideas, and so we look hopefully forward to the coming one.

"The fact that the session is dated for early in December is fortunate, as by that time we ought to have farm matters in hand so that we can leave home in a frame of mind to get the greatest benefit from the congress.

"The list of speakers is an attractive one and we farmers know these speakers by reputation, and many of them we have heard with profit. We'll come with our problems in mind, and we'll ask for specific information on matters that are of immediate interest to us." —St. Joseph Gazette.

\$142 an Acre for Farm.

Through the agency of Sam Robbins, the Charley Eggers farm, two miles due south of Hopkins, consisting of 76 acres, was sold this week to Fred Olmstead at \$142.50 an acre, or an advance of \$2.50 an acre over the price paid for it last year. Mr. Eggers gives possession the first of March and has not decided as yet what he will do then.—Hopkins Journal.

PARIS TALK ENDS TEN YEARS' WORK

Carly Says Many Experts Labored Decade on Apparatus.

ALL OF THEM AMERICANS.

Captain Bullard, Head of Naval Radio Service, Declared That Wireless Telephony Holds Many Additional Advantages—Powerful Current For Latest Achievement.

Chicago.—John J. Carly, the American Telephone and Telegraph company's chief engineer, who directed the long series of wireless telephone experiments that recently reached a climax in the talk between the American station at Arlington and the Eiffel tower in Paris, said at the University club that this latest scientific achievement was all American.

"The great staff of distinguished scientists and employees of the telephone company who have furnished their brains for the development of the inventions, are graduates of American colleges and universities," said Mr. Carly. "We have worked in secret to add this laurel to America's scientific crown. The achievement is American from the ground up. It is rooted in America and will be written on the pages of American history."

"Wireless telephony is the product of American genius, the labor of a staff

JOHN J. CARLY.

of American scientists and others. All I did was to direct the work. The men under me did the rest.

"In this wonderful achievement there is glory enough for all. Two of the principal scientists who labored on the problem and whose researches and discoveries were of great value were F. B. Jewett and H. D. Arnold, both young men."

"Ten years ago the American Telephone and Telegraph company decided to test the possibilities of wireless telephony. There are approximately 500 eminent scientists in the employ of the company. During the last ten years at least fifty of these men have devoted their time largely to the apparatus needed."

"How would a message be sent by your telephony apparatus?" the inter viewer asked.

"There is a common telephone at the base of the wireless towers," Mr. Carly explained. "You enter the building where it is housed and take off the receiver, placing it to your ear. The current that flows through the wire from this telephone has little power. It is not severe enough to more than cause your tongue to tingle, providing power of that strength were applied to your tongue."

"Electrical waves caused by the sound of the voice as they pass along this wire reach an electrical apparatus, which is one of the keys to the invention. This weak current is so developed as it passes on and upward that when it runs out along a high tension wire and is shot into the air in the form of electrical waves the voltage would kill a man. This is accomplished by an electrical generator of between fifty and seventy-five horsepower. In other words, this apparatus which develops electrical currents that will pass around the globe develops the same horsepower as the average automobile driven by a business man."

"The waves are sent out in all directions and not in a straight line. They reach everywhere."

Captain W. H. Bullard, superintendent of the naval wireless system, is reported as saying that telephonic communication between the navy department and war vessels at sea was only a question of installing the necessary apparatus.

"We are able to communicate with battleships now by means of wireless telegraphy," said Captain Bullard, "but wireless telephony holds many additional advantages. The person calling knows exactly to whom he is talking, direct contact is established and a reply comes back immediately."

INDIGESTION, GAS OR NO REASON FOR IT.

When Maryville Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Maryville citizen says.

J. A. Murphy, 805 East Fourth street, Maryville, says: "I suffered considerably from bladder trouble and lumbar. I got up in the morning feeling so stiff and lame and with such a dull ache across my loins that I could hardly work. Whenever I caught cold my kidneys troubled me. The kidney secretions were dark and filled with sediment. Finally I used Doan's Kidney Pills and am now free from the trouble. I recommend Doan's Kidney Pills just as highly today as I did when I was cured. Occasionally I take Doan's Kidney Pills and they quickly relieve me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Murphy had. Foster-Milburn Co., Props., Buffalo, N. Y.

Kansas City Stock Market.

Kansas City Stock Yards, Nov. 8.—The whole cattle list went into a lower plane last week, beef steers leading in the decline, cows of all kinds and best stockers and feeders faring best. Bad outlet for beef, and good receipts at all the markets, were contributing causes for the new appraisal. Today the supply is 30,000 head, market uneven, but the average is close to steady.

Features are the large percentage of stock steers in the supply, and the small numbers of cows. The stuff is selling steady all around, including stock cows and heifers. A trader who held over some cheap stock cows from last week, without a chance to sell them, sold three loads to different parties today at \$5.15 to \$5.40. Grass and corn steers are selling a little better than they sold last half of last week, at \$6.75 to \$8.15 mostly.

No good fed cattle are here today, but fed steers sell with a wide range, according to finish, from \$7.75 to \$8.00. Fifteen cars of quarantines arrived, the usual low grade variety, best steers \$6, canner steers and cows at \$4.00 to \$5.00. Best grades of stock cattle are steady, and will probably re-sell at \$4.00 to \$5.00. The Lincoln state cattle are steady, and will probably re-sell at \$4.00 to \$5.00. The Lincoln state cattle are steady, and will probably re-sell at \$4.00 to \$5.00.

Illinois and Iowa are buying some good weight feeders at \$6.75 to \$8.00, to consume their soft corn. A few fleshy feeders sell up to \$8.50, but generally speaking, the feeder trade is far below normal for this season of the year. Hogs sold steady at the start today, in the same notch they have been selling in since last Wednesday, but late sales were 5 to 10c lower. Receipts were 10,000 head, top \$7.10, bulk \$6.70 to \$7.00.

Order buyers paid the top as usual, packers stopping at \$7.00, except for one or two loads at \$7.05. Hog prices are about 50 cents lower than a year ago, add 85 cents lower than two years ago. While there is a big demand for fresh pork, receipts are apt to increase materially from now on, and further declines appear logical.

Sheep and lamb receipts were 14,000 today, largely feeding and stock grades. Missouri fed western lambs sold at the top price, \$8.70 and \$8.75. Feeding lambs are selling a quarter lower than a week ago, largely at \$7.75 to \$8.00, feeding yearlings at \$6.00 to \$6.25, some fed western yearlings today at \$6.60, good fat ewes \$5.25 to \$5.75, feeding ewes down to \$4.00, breeders \$5.50 to \$7.00.

Opportunity for late buyers is fast passing, yet prices are lower than any previous time this fall. It is a good time to buy either feeding or breeding stock.

MARYVILLE PEOPLE

PRAISE SIMPLE MIXTURE

Many in Maryville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka. This remedy is the most thorough bowel cleanser ever sold, being even used successfully in appendicitis. One spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. Adler-I-ka cannot gripe and the instant action is surprising. The Koch Pharmacy.

SUPPER AT HARMONY SCHOOL.

Miss Alta Stults Was Named the Most Popular Young Lady.

The box social at Peace and Harmony school last Friday evening, where Miss Vera Cunningham is teacher, was a grand success. It was thought by many that \$15, or possibly \$25, would be a large offering, but when the sales closed because of no more boxes, the sales netted \$41.65.

Miss Alta Stults was voted the most popular young lady and received a box of candy.—Skidmore New Era.

Mrs. P. A. Osborn and son, Marion, of Omaha are guests at the home of Mrs. H. C. Smith, 321 West Cooper street.

IN FIVE MINUTES! NO SOUR, ACID STOMACH

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

DOG SAVES WOMAN'S LIFE.

Carries Note Which Brings Help After Girl Has Died.

Dallas, Tex.—A report from Cisco, Tex., tells of the feat which a dog performed in getting relief to an aged victim of ptomaine poisoning on a farm nine miles from that place.

Miss Bettie Alexander, twenty-two years old, had died and Mrs. Eliza Powers, seventy-two years, was dying when she wrote a note which she tied to the dog's neck and bade him "go home." The dog made its way to Cisco through a rainstorm, and relatives of the victims, hastening to the farm, found Mrs. Powers unconscious.

RETURNS FROM NOME WITH 1,353 WALRUSES

Although Monsters, Hunting Them Is Unexciting.

Seattle, Wash.—The steamers Corwin, Captain J. R. Healy, in from Nome, Alaska, brought 1,353 walruses, by far the biggest catch on record, according to Captain Healy and Oscar Annevik, the chief hunter.

The Corwin left Seattle on May 1 with passengers and freight, reaching Nome on the 21st, being the first boat to reach the far north last spring. Using Nome as her base, the Corwin made two trips among the ice floes. On the first trip 841 walruses were killed and 522 on the second.

The boat carried twenty-five armed native hunters. They approached the ice floes in a gasoline launch, while the steamer stood by.

A walrus must be hit in the head. The hide on the body is so tough that it will stop any bullets. If not instantly killed the walrus flops off the ice and sinks in the sea.

Captain Healy says that walrus hunting is tame and would not attract keen sportsmen. A walrus, he says, will hardly ever fight. Sometimes, of course, accidents happen. A walrus may flop against the boat and smash it, or it may drive its tusks through the planks of the bottom and rip them open. But the steamer is never very far away, and you can swim to it—if you don't freeze to death on the way.

Having killed the walrus, the steamer comes alongside the ice, and the carcass is hoisted aboard and stripped of tusks, hide, whiskers and blubber.

The Corwin brought down 338 barrels of walrus oil, worth 31 cents per gallon, or \$5,070, and four tons of the tusks, about \$4,000 worth, as the ivory is worth 35 to 50 cents per pound.

The whiskers are used in China for toothpicks, and the Corwin brought enough to make a valuation of \$500.

The hides, of which there were 1,352, will go to tanneries in London to be made finally into trunks, valises and other leather things. The hides ought to fetch \$38,700. That makes a total of \$49,270 for the season.

Next to elephant and rhinoceros hide, walrus hides is the toughest leather. The allies use it to polish big guns just out of the foundry.

The Alaska waters offer the finest field in the world for walrus hunting, but there are no tanneries in this country equipped to treat the hides.

"PAUPER" LEFT \$10,000.

Toochini Spent Last Days in Poor House.

Redwood City, Cal.—B. Toochini, believed to have been penniless and who died as a pauper at the San Mateo county poor farm, leaves an estate valued at \$10,000.

Two mortgages for \$3,000 each on San Francisco property and certificates of cash deposits totalling \$4,000 were found in his effects by Assistant Superintendent James Urbans of the institution.

Save your cattle. Use Blacklegoids, sold by Koch Pharmacy. 9-12

LESS LABOR ON FUTURE FARMS

Dean Galloway Says More Machinery Will Be Used.

EDUCATION IS IN DEMAND.

Head of New York State Agricultural College at Cornell Gives His Conception of Rural Development—Looks Forward to Husbandry Without "Blight of Peasantry."

Albany, N. Y.—Beverly T. Galloway, dean of the New York State College of Agriculture at Cornell, spoke at the recent convocation of the University of the State of New York on "The School and the Farm of the Future." He outlined his conception of the future farm and its place in the life of the nation, then analyzed the forces which are making for rural development in this country and gave his ideas of the proper organization of these forces to secure a satisfying country life.

The great problem, according to Dean Galloway, was whether the United States would be able to develop a per-

BEVERLY T. GALLOWAY.

manent agriculture without "peasantizing" those who must look to the land for a living. He said:

"Wherever is found a permanent and successful agriculture, measured merely by the maintenance of soil fertility and high average crop yields, there is found a peasantized and labor depressed people whose days are full of toil and whose minds have never been given much opportunity for growth.

"Even in this country more than a million farmers live and support their families on a labor income of less than a hundred dollars a year, and very little of this income actually comes to the farmer as money. So, despite all that has been said regarding the delights, the independence, the freedom and the self sufficiency of the farm, people are turning from it.

"While there has been a steady decrease in the percentage of our population engaged in agriculture, the per capita production of our staple crops has been increasing. This is primarily due to the utilization of machinery, making it practicable to more and more utilize horsepower and other power instead of man power.

"Despite the fact that in practically all other countries the intensity of the farming has increased with the density of population, this need not follow here. It would be unfortunate if it did follow, because an intensive agriculture has been practicable only where there is an oversupply of human labor.

The bountiful crops from small areas have been made possible only by the toil and sweat of the man who, while he is able to produce these results, must do so at the expense of the mental, and I might almost say the moral, side of his being. This is agricultural peasantry in its worst form.

"The farm of the future will so utilize modern labor saving devices and efficiency methods that human labor will be reduced to a minimum, and the farmer and his children will have time, opportunity and means of living a satisfactory, wholesome life. It will probably mean a farm of average size.

"We may look forward to permanent husbandry, freed from the blight of peasantry, standing squarely for its place in the affairs of the nation, but recognizing its relations and responsibilities to other industries, and recognizing, further, that the fullest and best development of one can be attained only through the fullest and best development of all.

"The demand is for education that will teach the meaning of things and their relation to the present rather than the teaching of words and their relation to the past. I am not so much concerned with making more farmers as I am with making better ones.

"The school must concern itself more and more with the needs of the people and be more of a community center, with the teacher as a community builder. The mere introduction of 'agriculture' into the school will not accomplish the ends desired, and it must be fully realized that the school is not for the preparation of life, but is life itself."

LETTER LIST.

Following is a list of the letters remaining unclaimed in the Maryville, Mo., postoffice for the week ending Wednesday, Nov. 10, 1915:

Men.

Brayers, Joseph.
Brown, N. H.
Cloud, J. H.

WOODEN LEG SAVES HIM.

Farmer Escapes Serious Injuries in Fight With Bear.

Sunbury, Pa.—His wooden leg spared him severe injuries in a battle with a bear, according to John Davison, a Catawissa mountain farmer, who lives near the town of that name.

Davison, according to his story, was riding horseback along the Susquehanna river, which skirts dense mountain growths at this point, when he saw a black bear fishing in the Susquehanna. It would dive down and then come up with a fish in its mouth, he said.

Angry at his approach, Bruin dropped a fish and gave chase, but Davison drew his revolver and fired. He missed it, and the animal came on after him and bit and clawed at his wooden leg. He fired again, and then a freight train approached on a railroad near by. This, together with the tooting of the locomotive's whistle, cooled the brute's angry passions, and it dropped to its feet and ambled off, disappearing in the woods.

Trappers declare they have frequently seen bears in this territory, and the farmer exhibited a torn pair of trousers and lacerated wooden leg to gaping inquisitors.

WHITE RUINS BABIES' EYES.

Professor Tells Opticians That Color Weakens Little Ones' Sight.

Pittsburgh.—Babies' eyes are being ruined by white walls, white dresses and white carriages, said Professor F. A. Wolf of Columbia university, New York, recently before the nineteenth annual convention of the Pennsylvania Optical society in a local hotel.

"If you care for the health of the youngster the worst color you can have on the walls of his nursery or bedroom is white," he said. "Babies' eyes are spoiled by white dresses and white carriages. Neutral and dark tints should be used. The dress, carriage and walls of rooms in which baby spends most of the time should be of some tan or neutral tint, either a light brown or a green gray. This applies to the dress of the nurse and the mother as well."

BEAR SAVES KEEPER FROM HUNGRY MATE

Driven Away After Attacking Prospective 200 Pound Meal.

New York.—An unscheduled performance of Androcles and the lion was staged recently in the Central park polar bear tank. Jim Coyle, the keeper, was Androcles. His namesake, Jim, the patriarch of the bear colony, played the lion, while his consort, Molly, was the crowd of wild animals of the arena, whose role was to eat the martyr.

At 2:15 o'clock p. m. Androcles, equipped with hip boots and a monkey wrench, went into the tank to repair the drain at the bottom. Jim and Molly retired upstage on the rocks and looked at him. Androcles went ahead with his work, bending over into the water, with his back to the animals. Androcles' 200 pounds caught Molly's eye.

An instant later she jumped, and it would have been all up with Androcles if Jim had remained a spectator. He jumped after Molly and caught her by the throat, while Androcles clambered out of the arena, with only a scratch on the back of his hand to show where the bear's teeth had grazed him.

Bill Snyder, head keeper, and his three assistants heard Androcles using strong language and hurried up with pointed iron bars. After five minutes' persuasion they separated the couple, while the martyr went into the police station to recuperate.

"That bear Jim," said Snyder, "has been here ten years and has never given us any trouble. Molly has been here six and keeps you guessing every minute. Yes, sir, bears are funny. You daren't turn your back on 'em—never."

LED A "DOG'S LIFE."

Saloon Keeper Tells Court He Slept in Room With Fifteen Canines.

St. Louis.—Sleeping in the room and the bed with as many as fifteen dogs is a dog's life, according to Edward Flader, a former saloon keeper, now living in Bellevue, who recently sued for divorce.

The dogs belonged to his wife, Ida, the petition stated. It is said that she also permitted chickens a free runway of the saloon, and when Flader attempted to drive out the dogs he says his wife threatened him with a club.

Old Gas Well Does Duty.

Napoleon, O.—A gas well sealed up in disgust twenty-seven years ago is now being used for lighting, heating and cooking purposes by former Sheriff D. W. Sangler on his farm near here. When his neighbors recently began using the gas from the Napoleon-Wauseon pipe line he recalled the abandoned well and had it cased and pipes laid to the house.

Cuts Third Set of Teeth. Sandusky.—John Brooks, eighty-two, is getting his third set of teeth. Brooks is a civil war veteran and lives in Cottage M. Ohio Soldiers and Sailors' home. His grandmother, he says, cut her third set of teeth at ninety-four.

COUPLE MARRIED 63 YEARS.

They Have Lived in Same California Town Since 1855.

Auburn, Cal.—Mr. and Mrs. Solomon Stevens of this city have celebrated their sixty-third wedding anniversary. They have been residents of Auburn for sixty years, or since 1855, and are the oldest pioneers, excepting Justice B. F. Gwynn.

Stevens, now quite feeble, was postmaster of Auburn under President Lincoln, being the first postmaster of the town. He was for forty years agent for the Western Union Telegraph company here and conducted a drug store for half a century, his son continuing the business after he retired. He has served as a supervisor and as city trustee. Stevens is eighty-seven years old and Mrs. Stevens is seventy-nine.

THRONE 500 YEARS OLD.

Berlin Churches Celebrate Anniversary of Hohenzollern Rule.

Berlin.—All the churches of Berlin recently held services in commemoration of the five hundredth anniversary of the establishment of Hohenzollern rule over Brandenburg. The service in the cathedral was attended by Emperor William, Empress Augusta Victoria, Chancellor von Bethmann-Hollweg, many generals and admirals and the diplomatic corps, including the American ambassador.

The streets outside the cathedral were crowded by thousands of persons who could not gain admittance. Emperor William was cheered enthusiastically.

NEGRO SALUTES "GHOST."

"Don't Tech Me!" He Says, Thinking Dead Man Walks.

North Wales, Pa.—Mistaken rumor prematurely killed off Hiram P. Hartzell, a business man of North Wales and former proprietor of the Central hotel. So, when he appeared in real life and colored Joe Ben was persuaded it was his ghost, the negro, encountering him at Souderton, appealingly said:

"Lawd, Mars, Hartzell, don't tech me! I never done nothin' to cross you."

Neighbors Fifty Years, Just Meet.

Bedford, Ind.—Although they lived within fifteen miles of each other at their lives, Frank McKnight of Orleans and Wesley McKnight of this city had not seen each other for fifty years until they met by chance. The former is seventy-seven years old and the latter eighty-one. They are cousins, the children of brothers.

This cool weather should bring you in.

CLEARMONT AFTER LIGHTS

Jess Baker Will Install Private Plant and Service May Be Extended Over Town.

Clearmont is the latest town in Nodaway county which wants to see the county all "lit up." Striking matches is so much more tiresome than turning on the "juice" and filling the lamps gets monotonous through the long winter. And good towns must keep up in the march of civic progress.

So Jess Baker, who has a large repair shop at Clearmont and is something of an engineer, is preparing to go into the business on a small scale, and with the equipment he has will install lights in some of the buildings near his place. If the result is satisfactory it is likely that the business men will take the matter up and arrange for the further equipment of the plant on a scale sufficient to give the town complete electric service.

The Nodaway county towns now furnished with electric lights or have voted for them are: Maryville, Burlington Junction, Hopkins, Elmo, Skidmore, Graham, Barnard and Concep-

tion Junction. Pickering will join the good company probably next week, when the line from the Maryville Electric Light and Power company is completed.

Obituary.

Emma Cochran Hopper of Maryville, Mo., died November 9, following an illness of many weeks, from organic heart trouble. She had been a great sufferer all her life from a complication of diseases, and with her weakened heart was not able to survive this recent attack. Her death has been expected every day for three weeks.

Mrs. Hopper was born in Abingdon, Ill., in 1851. Was educated at Hedding college, where she took an active part in literary circles and in the Christian activities of the school. It was while attending college she met Mr. Hopper. She was married in Abingdon nearly forty-five years ago. Moved to Nodaway county and later returned to Abingdon. From there they moved to southwest Kansas, where they lived for twenty-five years. Upon the advice of the physician they moved from the high altitude of that country to this county, where she has lived since. She was converted in early youth

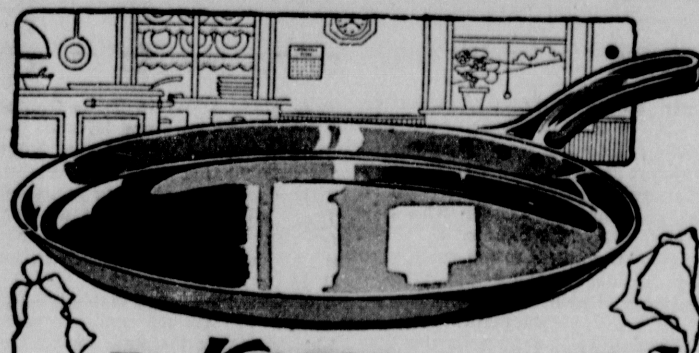

and joined the Methodist Episcopal church. She has been as active as her health would allow in all these years. She was a life member of the Home Missionary society. Hers was a beautiful life, an example of cheerfulness and patience in suffering and of sympathy and love to all who knew her. It was her prayer that if it was the will of the Father that she might be taken home.

Funeral services were conducted at the home by her pastor, the Rev. Gilbert S. Cox, assisted by the Rev. Robert C. Holliday of the M. E. Church, South. The text of the sermon was 1 Cor. 2:9. Mrs. Maltbie of Topeka sang "The City Four-Square" and she and Mr. Cox sang "It Is Well with My Soul."

She is survived by her husband, M. A. Hopper, and two children, C. E. Hopper of Garden City, Kan., and Mrs. Lois Long of Maryville.

There Is No Question but that indigestion and the distressed feeling which always goes with it can be promptly relieved by taking a

Rexall Dyspepsia Tablet before and after each meal. 25c a box. Orear-Henry Drug Co.

MAN GIVES BLOOD
VIA GLASS TUBES

Surgeons See Transfusion Without Linking of Arteries.

NEARLY ALWAYS SUCCEEDS.

Called Kempton-Brown Method and is Said to Be a Cure For Acute Hemorrhages—Patients May Even Sit in Separate Rooms—Invented by Boston Physician.

Boston.—The transfusion of nearly a quart of blood from a man to a woman was among the mysteries revealed in one of the clinics which opened its doors to the clinical congress of surgeons. The new method, known as the Kempton-Brown method, was invented by Dr. A. R. Kempton, a Boston physician, and was demonstrated by Dr. E. P. Richardson and Dr. R. H. Miller at the Robert Brigham hospital.

The Kempton-Brown method of transfusing blood through glass tubes was used in a case of pernicious anemia. Although in this disease the treatment is only palliative, it is declared practically a cure for acute hemorrhages.

Unlike the old method, where the artery of one person was linked directly to the vein of the other, Dr. Kempton's invention permits the two patients to be separated, even to sit in different rooms. Venous instead of arterial blood is then directed into the glass tube, waxed with paraffin and carried, as in a bucket, to the patient.

This method, it is stated, offers three advantages—the arteries of the donor are not injured, the exact amount of blood can be measured, and the method practically always succeeds.

Another method of treating anemic patients was demonstrated at the Massachusetts General hospital by Dr. Roger I. Lee and Dr. Beth Vincent, who showed how the spleen might be removed. The two methods used to gether produce the best results.

One of the most important papers yet read in connection with the clinical congress was that of Dr. Charles F. Painter of Boston at the Peter Bent Brigham hospital. He explained to several hundred surgeons how that great bugaboo rheumatism was usually the result of poor teeth, of the cold that would not stay cured or of disordered tonsils, ears or other organs. The poison germ, he explained, was carried by the blood through the body until it lodged in the joint.

Dr. David Cheever performed an important cancer operation and explained that the one way to cure cancer was to take the growth out during its early stages.

Mrs. Ratha Ruminon left today for her home in Livermore, Ia., after a short visit here with her grandmother, Mrs. Sam Mzingo and other relatives.

Garlic Given High Praise
Invaluable as a Remedy for Many Diseases, According to Man Who Professes to Know.

Garlic is one of the most wholesome herbs that can be eaten. It stimulates all secretions and its effect is strong upon the liver and kidneys.

A teaspoonful of garlic juice and sugar will generally ward off an oncoming cold.

Garlic eaters have good skins, for garlic is excellent in treating eruptions of all sorts.

Those races that use much garlic in their food are those that are least susceptible to tuberculosis. Many doctors in Europe treat tuberculosis with garlic, giving it internally in the form of a sirup, externally in the form of poultices, or making their patients inhale an infusion.

The essential principle of garlic, that which acts upon the system, is allyl sulphide. This also causes the characteristic—and to many persons disagreeable—smell.—Exchange.

Placed.
"So you're looking for a job in the chorus, eh?"
"Yes, sir."
"How is your voice?"
"Well, I'm a little hoarse now, but—"
"All right. I'll put you in the pony ballet."

Women More Forgetful.
Chicago.—Who is the more forgetful, man or woman? Samuel Kroes, who has been in charge of the La Salle street depot "lost and found" bureau for a number of years, indicates the feminine sex. Thousands of dollars in the trains and depots of Chicago are represented in the articles forgotten every year, the majority by women. Many of great value are left through absent mindedness.

Attorney Thomas J. Johnson, Wake-man's counsel, told the judge that the defendant had served three years in the medical department of the United States navy and had been honorably discharged.

Sentenced to Help Jail Doctor For One Year—Penalty For Robbing.
Chicago.—George C. Wakeman, twenty years old, son of Edgar L. Wakeman, author and lecturer, will act as assistant to Dr. Irving L. Barnett, county jail physician, for the next year, by order of Judge Brothers in the criminal court.

The sentence was imposed after Wakeman pleaded guilty to a charge of robbing William Haldt of Glenwood, with whom he was out for a "good time."

Attorney Thomas J. Johnson, Wakeman's counsel, told the judge that the defendant had served three years in the medical department of the United States navy and had been honorably discharged.

BOYS SWARM WITH TREASURE.

Wall Street Meets Few Losses Through Young "Runners."

New York.—The boys who run around Wall and Broad streets every day with \$100,000 or so of negotiable securities tied to their waists by steel chains increased in number so rapidly during the rush of trading that the brokerage houses established a fine system of espionage to prevent the loss of negotiable paper.

There are about 600 brokerage houses in the financial district, and probably every one of them took on two new runners, as the boys who carry securities to and from the houses and to the transfer offices are called.

When one of the boys yielded to the enticement of a suffrage orator or the arguments of a prohibition campaign speaker and paused awhile with a fortune in his custody he was very apt to have a special policeman in plain clothes step up to him and tell him to be on his way.

Many brokers expressed amazement that with such large amounts in easily convertible securities floating about the streets no serious losses happened.

HARD WINTERS BEFORE US.

Meteorologist Who Predicted Rain Cycle Makes New Forecast.

Paris.—The world's rain cycle, beginning in 1902, which the French meteorological authority, Abbe Meunier, director of the French observatory, predicted as the result of his study of the sun's face, is now, the abbe says, ended. He forecasts a series, though not perhaps unbroken, of twenty-six hard winters, beginning the present year.

According to the abbe, it is impossible to say where in Europe the winter cold will be excessive, but probabilities are France will have to face many rigorous seasons during this period. He bases his prophecy regarding coming winter temperatures upon the supposition that the temperature curve all over the world can be calculated on the same principles as the world's rain curve.

DROP POLITE NOTES
BETWEEN AIR FIGHTS

Aviators Observe All Courtesies When U. S. Air Man Is Taken.

Paris.—The sequel to the recently reported capture of James Bach, an American belonging to the French flying corps, shows that a certain feeling of brotherhood exists among the rival aviators who daily try to kill one another thousands of feet above the earth.

The day after the capture of Bach and the pilot accompanying him a German plane flew over an aviation camp near the one at which the captured fliers had been stationed and dropped an oriflamme, or banner, to which was attached a note saying in French that Bach and his companion had descended in German territory and that neither was wounded.

The message was picked up and dispatched to the camp with which Bach had been connected. There the note was received by Bert Hall, another American of the same escadrille, who is reported to have distinguished himself on the first day of the Champagne drive. Hall prepared a note of thanks, which the next day was dropped on a German aeroplane camp twenty miles behind the enemy's lines.

A few days afterward a 150 horsepower all-terrain biplane, which had been manuevering over French territory despite hot firing was forced to descend in a field adjoining the camp of a French escadrille. A bullet had penetrated the gasoline tank, gradually emptying it. The German pilot and observer were immediately captured by several air men, to whom they exclaimed smilingly in good French:

"This doesn't count; we only stopped to borrow a little gasoline."

The prisoners were just in time for dinner, and the officers' mess received them politely and talked aviation with them until the time came to turn them over to other authorities.

HIS EXPERIENCE A HANDICAP.

Sentenced to Help Jail Doctor For One Year—Penalty For Robbing.
Chicago.—George C. Wakeman, twenty years old, son of Edgar L. Wakeman, author and lecturer, will act as assistant to Dr. Irving L. Barnett, county jail physician, for the next year, by order of Judge Brothers in the criminal court.

BIG MEN'S MEETING

BROTHERHOODS TO ATTEND RANDOLPH SPEAKING IN A BODY.

ENDS GREAT RALLY WEEK

Former Pastor and Paul Prosser Coming Tomorrow—Women Invited to Occupy Sunday School Room.

The Men's Brotherhood and the Organized Bible class of the Baptist church will attend the reception for the Rev. J. D. Randolph of Fayette tomorrow night in a body, Dr. K. R. Malotte, the president, said today. Seventy-five or eighty men are expected to help honor the founder of the Wage Earners at the Buchanan Street Methodist church.

A crowded church is expected by the Southern Methodists, as all of the Brotherhoods of the churches have been invited to attend. The Rev. R. C. Holliday, pastor of the church, received word from Mr. Randolph that he would arrive tomorrow night at 7:28. Paul Prosser, candidate for congress and probable candidate for attorney general of Missouri, will be the other speaker. Mr. Prosser will arrive from St. Joseph tomorrow with his bride of a few weeks. He is considered one of the really brilliant orators of the Democratic party.

The women of the church will hold an all-day meeting tomorrow with lunch at the church. The reception for the former pastor will close a full day for the Buchanan Street Methodist church.

The Brotherhood of the Christian church will meet in the study at the church tomorrow evening at 7:15 o'clock and will march in a body to the Buchanan Street Methodist church.

The speaking will not commence until 8 o'clock.

WILL COOK SUCCEED BAKER?

Rumored That Democratic Friend of Governor May Be Named for Hospital Board.

It is being reported in political circles that Governor Major is intending to appoint a Maryville Democrat on the board of managers of state hospital No. 2 at St. Joseph, to succeed George B. Baker, who resigned recently.

The report has it that Ellis G. Cook, Charles F. McCaffrey and W. A. Townsend are the ones being considered by the governor, and that Cook will probably be the one to receive the appointment. Cook has always been close to Governor Major, having supported him in the primary election for governor. He took a prominent part for Major and has frequently been a visitor to Jefferson City to see the governor.

SHIP CREW OF 80 LOST.

Canadian Steamer Wrecked in Storm Off St. Johns.

Special to The Democrat-Forum.

Montreal, Nov. 11.—The steamer Dagordon, owned by the Canadian steamship lines, was wrecked today in a heavy storm. It was driven on the rocks between Sidney and St. Johns.

It is believed that the crew of eighty are lost.

MISS ANTHONY TO INSTITUTE

Normal Home Economics Instructor Will Address Teachers at Nashville, Tenn. Meeting.

Miss Hettie Anthony, head of the home economics department of the State Normal school left Tuesday night for Jamesport, Mo., where she delivered lectures yesterday and today before a teachers' conference. From there Miss Anthony went to Spickard, Mo., where she will attend an agricultural meeting and assist in judging the exhibits.

Miss Anthony will then go to Nashville, Tenn., where she has been invited to speak at the meeting of all the home economic teachers in state normal schools in the United States, which was called by United States Commissioner of Education P. P. Claxton.

The subject of Miss Anthony's address is "The Relation of the Home Economics Teacher in the Public Schools to Their Immediate Community and to the State." The sessions will be held in the auditorium of the George Peabody Institute.

On her return from Nashville Miss Anthony will stop at St. Louis for a short visit with her sister, Mrs. Charles Lippman, and will be accompanied home by her nephew, Cyrus Lippman, who will make his home with his grandfather, Judge C. A. Anthony, while attending school this winter.

NEW WAR PLANT BURNS

FOUR FIRES IN 24 HOURS IN MUNITION FACTORIES.

Trenton, N. J., Concern Latest Victim—Was Making Barbed Wire and Chains for Allies.

Special to The Democrat-Forum.

Trenton, N. J., Nov. 11.—Fire, believed to be of incendiary origin, destroyed the wire rope mill of John A. Roebbling & Sons, where war orders were being filled. Twenty houses were also destroyed. The loss is estimated at \$7,000,000.

The plant was working night and day turning out barb wire and chains for the allies. This is the fourth fire in munition plants within the past twenty-four hours.

PUPILS PLAN BENEFIT PLAY

Ward School Children Will Give Program at High School Auditorium Friday Night, Nov. 19.

A benefit play will be given Friday night, November 19, at the high school auditorium by the pupils of the three ward schools.

The program, beginning at 7:45 o'clock will be arranged in half hour periods for each school. The first section will be given by the children of the Franklin school, and it will be a half hour entertainment called "Rhymes and Plays for Happy Days." It will open with the "Swing Song," followed by a Brownie dance, participated in by 21 children. The closing number will be a descriptive exercise called "Our Dollies," to be given by fourteen little girls, and opening with a lullaby song, "Sweet and Low," sung by the school.

The Garfield pupils will give the second period, which will be called "In Little Folk Land." This will be a street scene with the boys and girls at play, and is given in Mother Goose characters. It will include songs, dialogues and descriptive numbers.

The closing numbers will be given by the Jefferson pupils and will be presented in two parts. The first will be a Thanksgiving playlet and the second part will be a goblin drill with accompanying recitations.

The entertainment is given to earn the money for some special school supplies.

Returns to Topeka.

Mrs. Maltbie of Topeka, Kan., sister-in-law of Mrs. C. E. Hopper, of Garden City, Kan., who came here to sing at the funeral services of the late Mrs. A. M. Hopper, left this morning for her home. Mrs. Maltbie is widely known over the state of Kansas as a contralto soloist and evangelistic singer.

2 THIEVES CAUGHT

WALLACE AND MOBERLY GET MEN SOUTH OF ARKOE.

HAD RIDDEN ALL NIGHT

Charles Hyatt and George Sigler of "Nowhere" Stole Tools and Tar-paulin Tuesday.

Chief of Police E. C. Moberly and Sheriff Ed Wallace are trying to qualify as full-fledged detectives. The bloodhounds were not the only help in the experience by which these two thieves who took the tarpaulin and brass off an engine from the farm of Wayne Judah Tuesday night.

Two men are in the county jail to wait for the January term of court. They give their names as Charles Hyatt and George Sigler, and say that their homes are where they can sit down and take their hats off. They were caught late yesterday afternoon about four miles south of Arkoe.

Mr. Judah has identified the stuff as his, but the thieves had another tarpaulin worth almost as much as the \$40 one which belonged to George Lucas, who was baling hay on the old A. O. Mason farm, east of town, where Mr. Judah lives. The second tarpaulin is somewhat smaller, but is as good a canvas.

The other possessions of the men were two quarts of whisky each, an old gray plug horse, an old buggy with a home-made box bed and some junk which is too good to be sold for junk. The men appear to be about 40 years old. They had evidently driven all night.

When the men were found south of Arkoe, they were asleep under the buggy and no tarpaulin or brass could be found. But the bloodhounds stepped into the case again, and a trail up into a corn field was soon discovered which led to the stolen property covered with grass and corn stalks.

The men sold junk here in Maryville Monday and Tuesday, and the fact that the stuff they were selling seemed to be so good caused Chief Moberly to be suspicious. So he put a careful tabulation of their descriptions in his mind. When W. F. Phares and R. P. Hosmer were returning from a hunting jaunt Tuesday night they met these men in the road near Judah's farm.

Their suspicious actions caused Phares and Hosmer to tell Wallace and Moberly about the men yesterday morning before the news of the robbery was phoned to town. After taking the dogs to the scene and becoming convinced that the two men were the guilty persons, all Moberly and Wallace had to do was to phone their descriptions all over the county.

Soon after dinner a telephone message from below Arkoe told the chief and sheriff that the men had passed there. It was only the matter then of getting down that way in a car and making the arrest. Today the haling crew has its tools and tarpaulin back and the two men in the county jail are reflecting on the precept "You can't get away with it."

BRANIGERS HOME FROM WEST.

Have Interesting Experiences While in British Territory.

Mr. and Mrs. R. S. Braniger returned yesterday from an extensive western trip during which they have visited all places of interest along the Pacific coast from the Mexican border up to Vancouver, and many inland places through the west and British Columbia. Many amusing incidents happened to the Branigers during their tour through Canada, because of their being in the British territory.

The same surveillance is used there as in England, and every one entering is subjected to a rigid inspection. Searchlights are used constantly at night for protection, and every means taken to safeguard their property and people.

Mr. and Mrs. Braniger visited both western expositions, and at Balboa, Cal., visited the Dr. D. C. Wilson family, and on account of Mr. Wilson's illness remained some time in order to be of assistance to Mrs. Wilson and Edith. Dr. Wilson is greatly improved at present and the family expect to return to Maryville.

Raymond Wray, son of Curtis Wray, formerly of the Tribune, but now connected with the Springfield Republican, was in the city today visiting relatives and friends. He is on his way to Springfield from a visit with relatives at Omaha.

NOTED PREACHER TO COME

The Rev. Lawrence Wright of Des Moines Will Be at Christian Church

Next Sunday Morning and Evening The Rev. Lawrence Wright of Des Moines, Ia., one of the leading evangelists in the Christian denomination, will preach at the First Christian church next Sunday morning and evening.

Mr. Wright is one of the most highly recommended and widely known men of the church, and the opportunity of hearing him will be one appreciated by the Maryville people. The services will be at the regular hour and all are invited to come.

23 OF U. S. MISSING

360 STILL MISSING FROM SUNKEN ANCONA.

NO WARNING BY U-BOAT

Captain Massardo at Tunis—Survivors Say Many Were Killed by Shells.

Special to The Democrat-Forum.

Rome, Nov. 11.—Fragmentary reports received place the death list at 272, and there is little hopes of the others being picked up. There were twenty-six Americans listed and twenty-three reported as missing. Cecil Grell of New York was the only American cabin passenger saved. Captain Massardo is lost.

The Germans claim that the Ancona was trying to escape, it was officially announced, but the Italian consul at Tunis reported that the Ancona stopped when shots were fired across the bow.

The Austrian submarine continued to shell the steamer, however, and killed and wounded scores of passengers. The report of the consul was based on statements made by survivors who also charged that the submarine fired on the small boats in which the passengers were trying to escape in.

An official announcement has been made that the Italian liner carried 496 passengers and a crew of 160. Three hundred and twenty are accounted for and 360 are missing.

Captain Reported Saved.

London, Nov. 11.—The Reuter Telegraph agency at Tunis reports that Captain Massardo has landed at that place. He said that the submarine opened fire without any warning.

12 DEAD IN KANSAS STORM

Tornado Sweeps Across State, Doing Greatest Damage at Great Bend—All Wires Down.

Special to The Democrat-Forum.

Hutchinson, Kan., Nov. 11.—A tornado from the southwest swept down over south central Kansas early last evening and struck Great Bend, where at least twelve were killed. It is estimated that one hundred were hurt and property named at a half million was destroyed in the cyclone path, which was twenty miles in the vicinity of Great Bend.

Telegraph wires are down in the stricken district and full details are lacking. It was learned that Ellinwood and Holington were in the path of the tornado.

The report is that the storm caused heavy damage in sections of South Dakota and Iowa.

Late reports are that two are dead, three fatally injured and a hundred hurt here. At Great Bend three are dead, two fatally injured, and one is dead and sixty hurt at Zeba.

Tornado at Danville, Ill.

Danville, Nov. 11.—The Malleable Iron works was partly destroyed by a tornado this morning.

To Spend Winter.

Mrs. Lavencour Michau will leave about December 1 for Oklahoma City, to spend the winter with her daughter, Mrs. Frank Shoemaker, Jr., and family.

The Rev. Father Henry F. Niemann left Thursday for Carrollton, Mo., where he will conduct a forty-hour devotion service, Friday, Saturday and Sunday.

NEW WATER IS ON

EAST SIDE SAND POINTS HOOKED UP TODAY.

FIRST TESTS ARE GOOD

No More Water From River, But West Points Will Be Used—Room for Twenty-Five More.

No more city water in Maryville from 192 river. The new sand points are being used now, according to a telephone message this afternoon from J. H. Martin, superintendent of the city water department. None of the new water will go into the mains until tomorrow, however.

The pipes were hooked up to the engines late this morning, but all of today was spent in getting the mud and dirt out of the new pipes. The new water appears to be free from alkali, iron, or any of the impurities which made aeration and filtration necessary on the old supply.

The twelve wells on the west side of the river have been pumped continuously since early in May. All the indications are that the supply will be much greater on the east side with thirteen points. And there is room for twenty-five more if necessary.

Much interest is attached to the tests which are being made today of the quality and amount of flow from the new points. Mr. Martin said that it was not expected that all of the water needed by the city could be drawn from the new wells than from those on the west side because they are smaller.

No more water will have to be taken from the river after today, however, as the two systems of points will fill the demand. The members of the board of public works and the water department announce that visitors who come down to see the new system will be welcomed.

The members of the board which have made the improvements for the city are: E. L. Townsend, S. G. Gilman, M. E. Ford and R. L. McDougal. They made a visit to the water pumping station and the new points late this afternoon. A number of the other city officials also went to the scene of the new water supply.

TO HOLD WHITNEY RITES.

Services Tomorrow Afternoon—Many Out-of-Town Relatives to Attend.

The funeral services for Mrs. H. F. Whitney, who died yesterday afternoon at the family home, will be held at 2:30 o'clock tomorrow afternoon at the residence, 202 South Prairie street, conducted by the Rev. Gilbert S. Cox, pastor of the First Methodist church. The burial will be made in Oak Hill cemetery.

Among the out-of-town relatives to attend are Mrs. Whitney's daughter, Mrs. Earl Gruber, her husband and son of Grant City, and Mrs. A. A. Schaffer and two sons of St. Edwards, Neb., all of whom arrived here before Mrs. Whitney's death, and Mr. and Mrs. Delbert Anderson, Dr. and Mrs. A. H. King and Mrs. William McLeod, all of Co. Ia. Mrs. Anderson, Mrs. King and Mrs. McLeod are sisters of Mr. Whitney.

Beside her husband and children, Mrs. Whitney is survived by an aunt, Mrs. Jane Hanna, living north of Maryville.

Ill With Blood Poisoning.

Mrs. N. H. Key, 320 West Lawn avenue, is confined to her home by an attack of blood poisoning, caused from an injury she received several days ago when she stepped on a nail.

William McIntyre was fined \$5 and costs this morning for drunkenness by Mayor U. S. Wright.

"LOVEY MINE."

At the Fern Monday, Tuesday and Wednesday.

MUST PAY TO USE PHONE

Skidmore Company Expects to Enforce Law Prohibiting Non-Subscribers Getting Free Service.

The Skidmore Consolidated Telephone company proposes to enforce strictly after January 1 the law making it a misdemeanor for a non-subscriber to use their telephone without paying toll.

The charge is five cents to talk anywhere in Skidmore. A non-subscriber talking over a commercial wire from Skidmore will be charged 15c for the message. This order is in compliance with a ruling of the public service commission of the state of Missouri, and was enacted in 1913.

An informal mass meeting of the officers and stock holders of the company was held yesterday afternoon and it was decided to enforce the new law. A first offender of this law can be punished by a fine of not less than \$100 nor more than \$2,000.

HIS SECOND CROP OF PEAS

G. B. HOLMES HAS FREAK OF NATURE IN GARDEN.

Vegetables Were Filled Out But Only About Three Handsful—Benefits of Democratic Administration.

Folks who have been poking fun at tales of what the remarkable weather has done for us this fall had better beware. Those who were skeptical when a news dispatch told of roses blooming at Milan, Mo., and laughed heartily when told of new potatoes being harvested at Chicago, have a fall in pride coming.

For Maryville has such a fall prodigy in its own midst. G. B. Holmes, Sr., gathered three hands full of new peas from vines this morning and thinks he would have had a mess if the cold snap had delayed a week.

The peas were well filled out and fully developed. The vines had grown up where pods had dropped from the regular summer crop. Mr. Holmes thinks that equals or beats George Hulet's fall strawberries, and suggests that all this good fortune is no doubt due to the Democratic administration.

And Cooper Gooden hastens to add that he sees no sense "whatsoever" in people going to Florida or California for a fine climate.

SON TO DR. AND MRS. COGSWELL.

Mother Was Formerly Miss Bertha Kirch, Daughter of Mrs. John Kirch.

Dr. and Mrs. J. G. Cogswell of Riverton, Wyo., are the parents of a son, their first child, who was born October 15. He was named John Nathan for his two grandfathers.

Mrs. Cogswell was Miss Bertha Kirch, daughter of Mrs. John Kirch, before her marriage.

READING CIRCLE SATURDAY.

Polk Township Teachers Are Studying Bagley's "School Discipline."

The Polk township Reading Circle will meet again Saturday afternoon at 2 o'clock in the circuit court room of the court house. About twelve teachers are studying Bagley's "School Discipline" under the leadership of Bert Cooper, county superintendent.

Membership is open to any others beside teachers. The circle will be addressed at various times during the winter by professors from the Normal and other specialists.

REV. O. L. SAMPLE TO SPEAK.

Methodist Brotherhood Will Hold Its November Session Tomorrow Night.

The regular monthly meeting of the Brotherhood of the First Methodist church will be held at 7:30 o'clock tomorrow night at the church.

There will be a short business meeting at which several new members will be received, and this will be followed by an address by the Rev. O. L. Sample pastor of the Methodist church of Burlington Junction. At its close refreshments will be served and a social time enjoyed.

Mrs. O. M. Woodard of Creston, Ia., who has been the guest of her husband's parents, Mr. and Mrs. F. A. Woodard, departed last evening for St. Joseph, where she will be the guest of Mr. and Mrs. Earl Phillips.

DRINA TO GREECE

TEUTONS' LINE UNBROKEN FROM POINT IN RUSSIA.

SOUTH FIGHTS CRITICAL

Bulgarians Trying Hard to Break Through Anglo-French Line—Retreat in Dardanelles.

Special to The Democrat-Forum.

London, Nov. 11.—A terrific battle is being fought in the southern part of Serbia, where the Bulgarians are trying to get between the British and French forces. The losses on both sides are enormous.

The situation at Monastir is critical where communication with the Serbian army is being completely cut off. The Bulgarians have succeeded in breaking the communication with the British and French forces, thus giving the Teutons an unbroken line from Drina in Russia to the Greek frontier.

Germans in Servian Mountains.

Berlin, Nov. 11.—The German troops are now in the mountains west of Nish, where the Servians are holding their strongholds. Four thousand Servians have been taken.

The Bulgarians have crossed the Moravia, which places them in close co-operation with the German army.

British Retiring On Gallipoli.

The Berlin Tageblatt claims to have reliable information that the long expected retirement of the allies on the Gallipoli peninsula is taking place now.

Kitchener Violently Attacked.

London, Nov. 11.—A. A. Lynch, Nationalist leader, bitterly attacked Lord Kitchener in the house of commons today. He said that the war minister's blunders stood out like Gibraltar in the world of blunderdom.

FLYNT TO KANSAS CITY

Will Leave in the Morning to Accept Position With E. E. Harper.

F. L. Flynt and family will leave in the morning for Kansas City where they will reside. Mr. Flynt has accepted a position with the E. E. Harper firm of consulting engineers and will be superintendent of construction. His first work will be at Pleasanton, Kans.

Mr. Flynt has been city engineer of Maryville for the past few years and until recently was engineer and street commissioner, when he resigned within the past week at the request of a few on the board of aldermen. His resignation was effective November 15, but he handed in another resignation to Mayor Wright making it to take effect at once.

Mr. Flynt has made a number of friends in the city who wish him success.

DEATH OF WM. DICKSON.

Died at St. Joseph Hospital at Noon Today — Was a County Charge at the Asylum.

William Dickson died at St. Joseph Hospital No. 2 at noon today according to word received by County Clerk Fred Yeomans. Mr. Dickson had been a county charge at the asylum since January 22, 1913.

No arrangements have been made about the funeral services but it is probably that burial will take place in St. Joseph. Mrs. San. Leach of Pickering and Mrs. Dora Brooks of St. Joseph are sisters.

Mr. Dickson was about 36 years old. He was deported from British Columbia here in the fore part of 1913 and having no money he was ordered sent to the asylum as a county charge, having been a resident here many years ago.

* THE WEATHER *

Fair tonight and Friday; much colder tonight.

Largest Circulation in Nodaway County

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

It wouldn't do any harm if some of the auto scorchers should get scorched by the law.

Radium has suffered a long drop in price. So far as is known, nobody in this county has suffered any financial reverses as a result.

Greece doesn't care to get into the war but will appreciate a small loan of forty million francs from the allies just the same.

Some time ago our republican exchanges were afraid that Mexico would not be pacified. Now they are afraid it will be.

Gov. Major is still advocating good roads but there is a suspicion that he would like to see a few bad places left for Jim Reed to run over.

Mayor Wright knows that the life of a public servant is not a continuous round of pleasure and he believes that a peace-destroying, money-losing job should be passed around among the patriots.

The Duke of Manchester, who a few years ago married a million dollars, and got a Cincinnati girl thrown in, is broke and he can't even boast of being the first busted duke that has been allowed to spend an American girl's fortune.

Mrs. W. G. McAdoo, the wife of the Secretary of the Treasury, made Washington gasp by "wearing" a cane and swinging it just like a man along the streets of the capitol a few days ago. We will forgive her if she will just leave cigarettes alone.

Home From Kansas.

Mrs. J. P. Frazee has returned from a several weeks visit with relatives at Horton, Kans., and other places.

In Memoriam.

Whereas, Divine Providence has called from our midst our beloved brother, W. B. Blachley; and

Whereas, This chapter has lost a faithful and beloved member, the community an honored citizen and his family a true and devoted husband and father; therefore, be it

Resolved, That Rosanna chapter, No. 262, Order of the Eastern Star, extend to his family and friends its sincere sympathy.

Beautiful life is that whose span is spent in duty to God and man. Beautiful calm when the course is run; Beautiful twilight at set of sun; Beautiful death, with a life well done.

Be it further resolved, That a copy of these resolutions be given the family of the deceased; that each of the city papers be furnished with copies for publication; that our charter be draped with the usual badge of mourning, and that said resolutions be spread upon the records of our chapter.

Respectfully submitted this 10th day of November, A. D. 1915.

MABEL E. HUNT,
MRS. NANNIE COOK,
BYRON A. FROST,
Committee.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1898.
A. W. GLEASON,
Notary Public.

Take Hall's Family Pills for constipation.

LEGLESS MAN A GOOD FARMER

Does All Kinds of Work on His Place and Is Prospering.

Battle Creek, Mich.—As an example of pluck and energy consider Myron L. Briggs. Mr. Briggs, who has no legs, does practically every kind of farm work and is prospering.

Briggs is about forty-five years old, strong and healthy. He hitches up his three horse team and cuts his own hay, wheat and oats, then goes out and cuts more for neighbors who have no binder.

He can climb up a ladder over the high crossbeam into the hay mow and throw down or mow away hay almost as rapidly and as well as any able-bodied worker. He can hitch up his team and drive out into the field alone and plow or harrow all day, using seats on each implement. He rides a two horse cultivator and cultivates corn and potatoes by a hand stick attachment that operates two cultivator gangs.

Mr. Briggs lost both legs in a street car accident in Grand Rapids about sixteen years ago.

SERVANTS MUST PASS TESTS.

Examinations Planned by Montclair Women—Wage Put at \$25 a Month.

Montclair, N. J.—Work and wages for Montclair household servants are to be standardized. It is proposed by the local Housewives' league to have a central testing station, which will be conducted in co-operation with the board of education. Applicants for positions will be required to present themselves there and undergo tests in cooking, serving and other household accomplishments.

To those who pass the tests certificates will be awarded entitling them to employment at the rate of \$25 a month where one servant is employed. The Housewives' league by a canvass of the women of the town has concluded that this is a fair wage. It is asserted that efficient help is available in Montclair, but because a system has not been maintained in the past many residents have gone out of town in search of servants.

TOWN IS REWARDED FOR ITS HOSPITALITY

Winchester, Va., Will Get \$1,500,000 From Outcast.

Washington.—Because it showed hospitality to a stranger from Pennsylvania who was hated at home the city of Winchester, Va., sixty-two miles from Washington and boasting of a population of 7,000, will come into possession of a legacy of \$1,500,000. It is the bequest of John Handley, an eccentric millionaire of Scranton, Pa., who died twenty years ago.

Behind the legacy is a story that dates back to the civil war, when the people of Scranton stoned Handley as a Confederate spy, down to the day a few months ago when Handley's executors informed Winchester that it was heir to the Handley fortune.

Handley's will provided that for twenty years his executors should administer the bulk of his estate in such a way that at the end of that period they could hand it over to the Virginia city for the "education of her poor."

In a separate bequest, handed over to Winchester soon after Handley's death, the old man left \$250,000 for the erection and equipment of a public library, which is now in use.

The town will use the money to build what it aims to make the model high school of the United States.

BAKED 20,000,000 BUNS.

Head of University of Notre Dame Bakery Kept Careful Count.

South Bend, Ind.—Brother William Ford, who estimates that he has baked approximately 20,000,000 breakfast buns, has completed his fifteenth year as the head of the bakery of the University of Notre Dame. He has kept careful count of the various eatables he has prepared since he began. The brother's family is about 1,500 while school is in session.

By Brother William's calculations he has mixed 32,850 barrels of flour and made 642,500 five pound loaves of bread, 10,425,000 cookies and almost 20,000,000 buns for breakfast.

HOPES TO REACH 112TH YEAR

Uncle Abe Saw General Jackson and Talks Like History Book.

Atlanta, Ga.—Uncle Abe Coulter of Lafayette, Ga., is going strong for his one hundred and twelfth year. He was born Jan. 7, 1804, at Jasper, Tenn. He remembers seeing General Andrew Jackson and his army. He saw the Indians corralled at "Big Spring" at La Fayette in 1837 and tells strange stories of happenings when the section was occupied by Indians. To hear Uncle Abe talk is like turning the leaves of history.

Murder Makes Tree Droop.

Thomasville, Ga.—There is an old pine tree beside a public road in Thomas county whose boughs all bend toward the ground. Legend has it that many years ago a man was murdered under it, and since that time the limbs have all grown downward. The colored folk attach much significance to the story and when passing always drive as far as possible on the opposite side of the road.

Members Christian Brotherhood, Attention!

All members of the Christian Church Brotherhood are requested to meet at the church study Friday evening at 7:15 p. m., and we will go in a body to the meeting at the Buchanan Street Methodist church.

F. P. ROBINSON, President.

Mrs. Sturm Critically Ill.

Mrs. Matt Sturm of Conception who is critically ill with pneumonia was brought to St. Francis hospital today for attention. She is a sister of Mrs. Aaron Felix of this city.

Wind Damaged Window.

The large plate glass in the west window of Alderman-Yehle was broken Wednesday night when the wind blew the awning against the window.

To Move to Maryville.

George Sturgeon of Hopkins sold this week his property he owned in Maryville to Harve Bradley of that town, who expects to move here. Consideration was \$1,600.

Mr. and Mrs. C. E. Hopper and son left this morning for their home in Garden City, Kan., having been called here by the illness and death of the former's mother, the late Mrs. A. M. Hopper.

12 FIRST SQUAD PICKED IN RURAL TRACK MEET

CAPTAINS CHOSEN FOR TOURNAMENT AT NORMAL.

Walter Scott of Last Year's Team Back Next Week, But Howard Leech Will Not Be Able to Play.

Three teams for a basket ball tournament for which Director Hanson and Coach Palfreyman have arranged at the State Normal school were chosen Tuesday at a meeting of the boys who are interested in basket ball. Another may be selected later. The captains of the three teams are Charles Hunter, Lyle Hanna and Harold Sawyers.

The twelve men who will compose the training squad of the first team candidates were exempted from the tournament. They are Omar Lyle, Madison Wilson, Fred Vandersloot, Ralph McClintock, Paul Powell, Oscar Lollis, Homer Scott, Neil Garard, Howard Leech, Lee Scarlett, Charles Wells and Lloyd Hefflin. The squad will be enlarged next quarter by the addition of Walter Scott, member of last year's team, who will enter school at that time.

Howard Leech, who played forward on last year's team, and who probably would be assured of a berth on the team again the coming season, has announced that he will be unable to play, because of his work.

You—Or No One Else cares to be bald. Yet that is what will happen if your hair does not stop falling out.

Rexall "93" Hair Tonic
In our opinion is the best hair tonic on the market. Sold only by us—50 cents.
Orear-Henry Drug Co.

A. E. Meyer of the Phoenix Insurance company at Kansas City was in the city today. He is the western agent for the company.

L. W. Booher, son of Congressman Charles F. Booher of Savannah, has purchased the big Chalmers car of Rev. N. McNamee of Hopkins.

Judge and Mrs. W. C. Ellison went to Kansas City yesterday for a few days visit.

George W. Hartley returned at noon today from a week's business trip through Kansas.

UNION, WHITE CHAPEL AND MOUNT TABOR CONTESTED.

First Schools to Follow Plan as Shown by Director Hanson During Teachers' Meeting.

The first of the rural track meets, which were expected to follow the model track meet during the Teachers' association, which was given by the pupils of the Normal training school under the direction of Coach Hanson, was held last Friday at Union school, in the northwest part of the county.

Mount Tabor, White Chapel and Union schools participated. A base ball game between Mount Tabor and Union school was fought to a draw, 8-8. This was the first of community meetings which are being planned for that neighborhood and was well attended.

Miss Marie Johnston is teacher at White Chapel, Miss Laura Walton at Mount Tabor and Miss Audrey Broyles at Union.

The members of the two teams were: Mount Tabor, Dorce Vanfossen, Elmer Clark, Herman Vail, Ola Johnston, Garth Hopper, Wilbur Vail, James Woods, Murlin James and Ivan Bridge-water. Union, Carl Smith, Howard Younger, Sammie Callahan, Francis Duncan, Marvin Duncan, Ward Smith, Vernon McMillen, Lawrence Smith and Glen Duncan.

The results of the meet were:
50-yard dash, boys 10 to 12 years old—First, Glen Gwinner, White Chapel; second, Sammie Callahan, Union.

50-yard dash, boys 8 to 10 years old—First, Rolland Leur, Mount Tabor; second, Eldon Younger, Union.

50-yard dash, boys below 8 years old—First, Wilbur Woods, White Chapel; second, Orvie Williamson, Mount Tabor.

75-yard dash, boys about 12 years old—First, Dorce Vanfossen, Mount Tabor; second, Ross Gartner, White Chapel.

50-yard dash, girls—First, Lou Eva Johnston, Mount Tabor; second, Gladys Kindman, Union Star.

Running high jump—First, Dorce Vanfossen, Mount Tabor; second, Glen Gwinner, White Chapel.

Shingle race, girls—First, Gladys Kindman, Union; second, Lou Eva Johnston, Mount Tabor.

FARMER IS INTERVIEWED

NODAWAY MAN QUOTED IN ST. JOSEPH GAZETTE.

H. N. Moore Says Agricultural and Industrial Congress in St. Joseph Attracts Men Here.

"I am looking forward with great interest to the interstate agricultural and industrial congress in St. Joseph, December 9-11," declared Henry N. Moore, a prominent farmer of Nodaway county, who was in St. Joseph Tuesday, marketing his second consignment of hogs in two weeks.

"We farmers appreciate the fact that the congress means much to us and that important problems will be discussed by men who have had the time, opportunity and skill to work them out, and I and my neighbors plan to take advantage of the opportunity to hear these experts.

"We farmers have had handicaps enough this year that we will appreciate any light on our problems, or any suggestions as to how to overcome the losses we sustained. We realize that it is such hardships that whet our insight and prompt us to better methods and broader notions of farming. If the St. Joseph farm congress can bring together men who will help us advance agriculturally, we Nodaway county farmers will be glad to take advantage of the opportunity to hear them. The former congresses have given us many ideas, and so we look hopefully forward to the coming one.

"The fact that the session is dated for early in December is fortunate, as by that time we ought to have farm matters in hand so that we can leave home in a frame of mind to get the greatest benefit from the congress.

"The list of speakers is an attractive one and we farmers know these speakers by reputation, and many of them we have heard with profit. We'll come with our problems in mind, and we'll ask for specific information on matters that are of immediate interest to us."—St. Joseph Gazette.

\$142 an Acre for Farm.

Through the agency of Sam Robbins, the Charley Eggers farm, two miles due south of Hopkins, consisting of 76 acres, was sold this week to Fred Olmstead at \$142.50 an acre, or an advance of \$2.50 an acre over the price paid for it last year. Mr. Eggers gives possession the first of March and has not decided as yet what he will do then.—Hopkins Journal.

FORMER MISSOURIAN ON VISIT.

John Smith of Wray, Col., Visits Here and at Skidmore.

John Smith, whose former occupation was a Missourian living hereabouts, but now of Wray, Col., who has been visiting here for several days, went to Maryville Sunday to visit his sister, Mrs. Roe Sharp. He was accompanied by his wife.

It has been about twenty-five years since John left this vicinity, and even the climate and scenery have not made much change in his appearance. He lives on a farm—perhaps we should say ranch—near Wray, Skidmore New Era.

Save your cattle and money with Blacklegoids. Koch Pharmacy. 9-12

SUPPER AT HARMONY SCHOOL.

Miss Alta Stults Was Named the Most Popular Young Lady.

The box social at Peace and Harmony school last Friday evening, where Miss Vera Cunningham is teacher, was a grand success. It was thought by many that \$15, or possibly \$25, would be a large offering, but when the sales closed because of no more boxes, the sales netted \$41.65.

Miss Alta Stults was voted the most popular young lady and received a box of candy.—Skidmore New Era.

Mrs. P. A. Osborn and son, Marion, of Omaha are guests at the home of Mrs. H. C. Smith, 321 West Cooper street.

IN FIVE MINUTES! NO SOUR, ACID STOMACH

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

DOG SAVES WOMAN'S LIFE.

Carries Note Which Brings Help After Girl Has Died.

Dallas, Tex.—A report from Cisco, Tex., tells of the feat which a dog performed in getting relief to an aged victim of ptomaine poisoning on a farm nine miles from that place.

Miss Bettie Alexander, twenty-two years old, had died and Mrs. Eliza Powers, seventy-two years, was dying when she wrote a note which she tied to the dog's neck and bade him "go home." The dog made its way to Cisco through a rainstorm, and relatives of the victims, hastening to the farm, found Mrs. Powers unconscious.

RETURNS FROM NOME WITH 1,353 WALRUSES

Although Monsters, Hunting Them Is Unexciting.

Seattle, Wash.—The steamers Corwin, Captain J. R. Healy, in from Nome, Alaska, brought 1,353 walruses, by far the biggest catch on record, according to Captain Healy and Oscar Annevik, the chief hunter.

The Corwin left Seattle on May 1 with passengers and freight, reaching Nome on the 21st, being the first boat to reach the far north last spring. Using Nome as her base, the Corwin made two trips among the ice floes. On the first trip 841 walruses were killed and 522 on the second.

The boat carried twenty-five armed native hunters. They approached the ice floes in a gasoline launch, while the steamer stood by.

A walrus must be hit in the head. The hide on the body is so tough that it will stop any bullets. If not instantly killed the walrus flops off the ice and sinks in the sea.

Captain Healy says that walrus hunting is tame and would not attract keen sportsmen. A walrus, he says, will hardly ever fight. Sometimes, of course, accidents happen. A walrus may flop against the boat and smash it, or it may drive its tusks through the planks of the bottom and rip them open. But the steamer is never very far away, and you can swim to it—if you don't freeze to death on the way.

Having killed the walrus, the steamer comes alongside the ice, and the carcass is hoisted aboard and stripped of tusks, hide, whiskers and blubber.

The Corwin brought down 338 barrels of walrus oil, worth 31 cents per gallon, or \$5,070, and four tons of the tusks, about \$4,000 worth, as the ivory is worth 35 to 50 cents per pound.

The whiskers are used in China for toothpicks, and the Corwin brought enough to make a valuation of \$500.

The hides, of which there were 1,352, will go to tanneries in London to be made finally into trunks, valises and other leather things. The hides ought to fetch \$38,700. That makes a total of \$49,270 for the season.

Next to elephant and rhinoceros hide, walrus hide is the toughest leather. The allies use it to polish big guns just out of the foundry.

The Alaska waters offer the finest field in the world for walrus hunting, but there are no tanneries in this country equipped to treat the hides.

"PAUPER" LEFT \$10,000.

Tocchini Spent Last Days in Poor House.

Redwood City, Cal.—R. Tocchini, believed to have been penniless and who died as a pauper at the San Mateo county poor farm, leaves an estate valued at \$10,000.

Two mortgages for \$3,000 each on San Francisco property and certificates of cash deposits totalling \$4,000 were found in his effects by Assistant Superintendent James Urbans of the institution.

LESS LABOR ON FUTURE FARMS

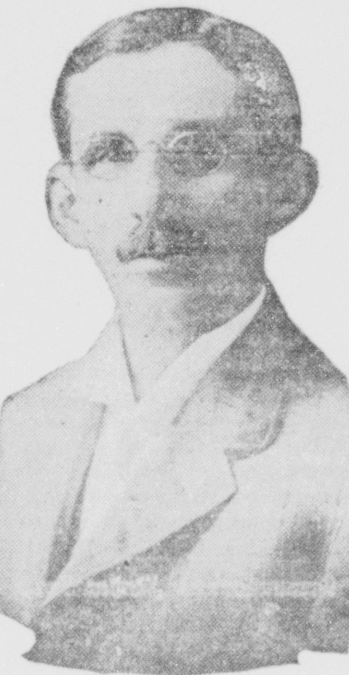

Dean Galloway Says More Machinery Will Be Used.

EDUCATION IS IN DEMAND.

Head of New York State Agricultural College at Cornell Gives His Conception of Rural Development—Looks Forward to Husbandry Without "Blight of Peasantry."

Albany, N. Y.—Beverly T. Galloway, dean of the New York State College of Agriculture at Cornell, spoke at the recent convocation of the University of the State of New York on "The School and the Farm of the Future." He outlined his conception of the future farm and its place in the life of the nation, then analyzed the forces which are making for rural development in this country and gave his ideas of the proper organization of these forces to secure a satisfying country life.

The great problem, according to Dean Galloway, was whether the United States would be able to develop a per-

BEVERLY T. GALLOWAY.

manent agriculture without "peasantizing" those who must look to the land for a living. He said:

"Wherever is found a permanent and successful agriculture, measured merely by the maintenance of soil fertility and high average crop yields, there is found a peasantized and labor depressed people whose days are full of toil and whose minds have never been given much opportunity for growth.

"Even in this country more than a million farmers live and support their families on a labor income of less than a hundred dollars a year, and very little of this income actually comes to the farmer as money. So, despite all that has been said regarding the delights, the independence, the freedom and the self sufficiency of the farm, people are turning from it.

"While there has been a steady decrease in the percentage of our population engaged in agriculture, the per capita production of our staple crops has been increasing. This is primarily due to the utilization of machinery, making it practicable to more and more utilize horsepower and other power instead of man power.

"Despite the fact that in practically all other countries the intensity of the farming has increased with the density of population, this need not follow here. It would be unfortunate if it did follow, because an intensive agriculture has been practicable only where there is an oversupply of human labor. The bountiful crops from small areas have been made possible only by the toil and sweat of the man who, while he is able to produce these results, must do so at the expense of the mental, and I might almost say the moral, side of his being. This is agricultural peasantry in its worst form.

"The farm of the future will so utilize modern labor saving devices and efficiency methods that human labor will be reduced to a minimum, and the farmer and his children will have time, opportunity and means of living a satisfactory, wholesome life. It will probably mean a farm of average size.

"We may look forward to permanent husbandry, freed from the blight of peasantry, standing squarely for its place in the affairs of the nation, but recognizing its relations and responsibilities to other industries, and recognizing, further, that the fullest and best development of one can be attained only through the fullest and best development of all.

"The demand is for education that will teach the meaning of things and their relation to the present rather than the teaching of words and their relation to the past. I am not so much concerned with making more farmers as I am with making better ones.

"The school must concern itself more and more with the needs of the people and be more of a community center, with the teacher as a community builder. The mere introduction of 'agriculture' into the school will not accomplish the ends desired, and it must be fully realized that the school is not for the preparation of life, but life itself."

WOODEN LEG SAVED HIM.

Farmer Escapes Serious Injuries in Fight With Bear.

Sunbury, Pa.—His wooden leg spared him severe injuries in a battle with a bear, according to John Davison, a Catawissa mountain farmer, who lives near the town of that name.

Davison, according to his story, was riding horseback along the Susquehanna river, which skirts dense mountain growths at this point, when he saw a black bear fishing in the Susquehanna. It would dive down and then come up with a fish in its mouth, he said.

Angry at his approach, Bruin dropped a fish and gave chase, but Davison drew his revolver and fired. He missed it, and the animal came on after him and bit and clawed at his wooden leg. He fired again, and then a freight train approached on a railroad near by. This, together with the tooting of the locomotive's whistle, cooled the brute's angry passions, and it dropped to its feet and ambled off, disappearing in the woods.

Trainers declare they have frequently seen bears in this territory, and the farmer exhibited a torn pair of trousers and lacerated wooden leg to gaping inquisitors.

WHITE RUINS BABIES' EYES.

Professor Tells Opticians That Color Weakens Little Ones' Sight.

Pittsburgh.—Babies' eyes are being ruined by white walls, white dresses and white carriages, said Professor F. A. Wolf of Columbia university, New York, recently before the nineteenth annual convention of the Pennsylvania Optical society in a local hotel.

"If you care for the health of the youngster the worst color you can have on the walls of his nursery or bedroom is white," he said. "Babies' eyes are spoiled by white dresses and white carriages. Neutral and dark tints should be used. The dress, carriage and walls of rooms in which baby spends most of the time should be of some tan or neutral tint, either a light brown or a green gray. This applies to the dress of the nurse and the mother as well."

BEAR SAVES KEEPER FROM HUNGRY MATE

Driven Away After Attacking Prospective 200 Pound Meal.

New York.—An unscheduled performance of Androcles and the Lion was staged recently in the Central park polar bear tank. Jim Coyle, the keeper, was Androcles. His namesake, Jim, the patriarch of the bear colony, played the lion, while his consort, Molly, was the crowd of wild animals of the arena, whose role was to eat the martyr.

At 2:15 o'clock p. m. Androcles, equipped with hip boots and a monkey wrench, went into the tank to repair the drain at the bottom. Jim and Molly retired upstage on the rocks and looked at him. Androcles went ahead with his work, bending over into the water, with his back to the animals. Androcles' 200 pounds caught Molly's eye.

An instant later she jumped, and it would have been all up with Androcles if Jim had remained a spectator. He jumped after Molly and caught her by the throat, while Androcles clambered out of the arena, with only a scratch on the back of his hand to show where the bear's teeth had grazed him.

Bill Snyder, head keeper, and his three assistants heard Androcles using strong language and hurried up with pointed iron bars. After five minutes' persuasion they separated the couple, while the martyr went into the police station to recuperate.

"That bear Jim," said Snyder, "has been here ten years and has never given us any trouble. Molly has been here six and keeps you guessing every minute. Yes, sir, bears are funny. You daren't turn your back on 'em—never."

LED A "DOG'S LIFE."

Saloon Keeper Tells Court He Slept in Room With Fifteen Canines.

St. Louis.—Sleeping in the room and the bed with as many as fifteen dogs is a dog's life, according to Edward Flader, a former saloon keeper, now living in Bellevue, who recently sued for divorce.

The dogs belonged to his wife, Ida, the petition stated. It is said that she also permitted chickens a free runway of the saloon, and when Flader attempted to drive out the dogs he says his wife threatened him with a club.

Old Gas Well Does Duty.

Napoleon, O.—A gas well sealed up in disgust twenty-seven years ago is now being used for lighting, heating and cooking purposes by former Sheriff D. W. Sangler on his farm near here. When his neighbors recently began using the gas from the Napoleon-Wauseon pipe line he recalled the abandoned well and had it cased and pipes laid to the house.

Cuts Third Set of Teeth.

Sandusky.—John Brooks, eighty-two, is getting his third set of teeth. Brooks is a civil war veteran and lives in Cottage M. Ohio Soldiers and Sailors' home. His grandmother, he says, cut her third set of teeth at ninety-four.

COUPLE MARRIED 63 YEARS.

They Have Lived in Same California Town Since 1855.

Auburn, Cal.—Mr. and Mrs. Solomon Stevens of this city have celebrated their sixty-third wedding anniversary. They have been residents of Auburn for sixty years, or since 1855, and are the oldest pioneers, excepting Justice B. F. Gwynn.

Stevens, now quite feeble, was postmaster of Auburn under President Lincoln, being the first postmaster of the town. He was for forty years agent for the Western Union Telegraph company here and conducted a drug store for half a century, his son continuing the business after he retired. He has served as a supervisor and as city trustee. Stevens is eighty-seven years old and Mrs. Stevens is seventy-nine.

THRONE 500 YEARS OLD.

Berlin Churches Celebrate Anniversary of Hohenzollern Rule.

Berlin.—All the churches of Berlin recently held services in commemoration of the five hundredth anniversary of the establishment of Hohenzollern rule over Brandenburg. The service in the cathedral was attended by Emperor William, Empress Augusta Victoria, Chancellor von Bethmann-Hollweg, many generals and admirals and the diplomatic corps, including the American ambassador.

The streets outside the cathedral were crowded by thousands of persons who could not gain admittance. Emperor William was cheered enthusiastically.

NEGRO SALUTES "GHOST."

"Don't Tech Me!" He Says, Thinking Dead Man Walks.

North Wales, Pa.—Mistaken rumor prematurely killed off Hiram P. Hartzell, a business man of North Wales and former proprietor of the Central hotel. So, when he appeared in real life and colored Joe Ben was persuaded it was his ghost, the negro, encountering him at Souderton, appealingly said:

"Lawd, Mars. Hartzell, don't tech me! I never done nothin' to cross you."

Neighbors Fifty Years, Just Meet.

Bedford, Ind.—Although they lived within fifteen miles of each other at their lives, Frank McKnight of Orleans and Wesley McKnight of this city had not seen each other for fifty years until they met by chance. The former is seventy-seven years old and the latter eighty-one. They are cousins, the children of brothers.

Knights Enjoy Pleasant Evening.

The Knights of Columbus held their November social event last night at the lodge rooms, in Ryan hall. The card game prizes were won by Miss Wilmus and Henry Buhler. A musical and dance program and supper were the other pleasures of the evening.

Give Donation For Shut-in Folks.

Mrs. Berry and her son, Thomas Berry, of Ravenwood, both of whom are among the world's shut-in folks, were given at pound party yesterday afternoon by the members of the W. C. T. U. and others of Ravenwood. The crowd went to the Berry home and took their gifts, which included a generous amount of good things and practically a winter's supply. The afternoon was spent socially and refreshments served by the crowd. Mrs. Berry, or "grandma," as she is more intimately known, is in very frail health. She makes her home with her son, Thomas, who has been crippled since last May, when he fell from a scaffold while helping to build a house. The donors of the gifts were the Christian Endeavor society, the Ravenwood Gazette, the Corn Belt cafe, Mrs. George Loomis, Mrs. Moses Spear, Mrs. E. W. Bishop, Mrs. H. C. Sims, Mrs. E. H. Sims, Mrs. Wiley Slagle, Mrs. Sam Thompson, Mrs. B. B. Houchins, Mrs. W. L. Rhoades, Mrs. D. Flynn, Mrs. Nan McElvain, Mrs. W. H. Ralston, Mrs. S. Ralston, Mrs. Paul Birdsell, Mrs. W. A. Conn, Mrs. J. C.

Peterson, Mrs. E. T. McMullin, Mrs. E. C. McMullin, Mrs. Ozle Wright, Mrs. Robert Ross, Mrs. J. V. Joy, Mrs. L. A. Joy, Mrs. R. H. Bradley, Mrs. W. H. Crawford, Mrs. Ed Zeigler, Mrs. Mary Foote, Mrs. Ellis Moore, Mrs. J. R. Miller, Mrs. Sallie Duff, Mrs. Emma Fryar, Mrs. C. C. Mow, Mrs. F. G. Graf, Miss Emma Stewart, Miss Nellie Sims and Miss Ida Fryar.

P. E. O. Chapter To Meet Saturday.

The P. E. O. chapter will meet Saturday afternoon at the home of Mrs. Wellington Dusenberry, on West Fourth street, with Mrs. Frank Garrett as hostess. Mrs. J. C. Allender, who has been in attendance at the national chapter meeting in Los Angeles, Cal., will give a report of the convention.

Mrs. C. M. Shopbell and daughter of Pickering, who were the guests of friends here, returned to their home in Pickering today.

Mrs. J. C. Carmichael returned to her home in Pickering today after a short visit here with friends.

Mrs. Melissa Castell, the matron of the public rest room, returned today from a vacation trip with relatives in Kansas.

Edwin Hamilton of Elmo is transacting business here today. He was accompanied by his mother, Mrs. Flora Hamilton.

Miss May Sheridan and sister are spending the day with their father, James Sheridan, at Conception.

Mrs. R. E. Snodgrass returned Wednesday from a visit with friends in Hopkins.

Miss Helen Dunn of Bolckow visited friends here Wednesday on the way to her home from Ames, Ia.

CLEARMONT AFTER LIGHTS

Jess Baker Will Install Private Plant and Service May Be Extended Over Town.

Clearmont is the latest town in Nodaway county which wants to see the county all "lit up." Striking matches is so much more tiresome than turning on the "juice" and filling the lamps gets monotonous through the long winter. And good towns must keep up in the march of civic progress.

So Jess Baker, who has a large repair shop at Clearmont and is something of an engineer, is preparing to go into the business on a small scale, and with the equipment he has will install lights in some of the buildings near his place. If the result is satisfactory it is likely that the business men will take the matter up and arrange for the further equipment of the plant on a scale sufficient to give the town complete electric service.

The Nodaway county towns now furnished with electric lights or have voted for them are: Maryville, Burlington Junction, Hopkins, Elmo, Skidmore, Graham, Barnard and Concep-

tion Junction. Pickering will join the good company probably next week, when the line from the Maryville Electric Light and Power company is completed.

Obituary.

Emma Cochran Hopper of Maryville, Mo., died November 9, following an illness of many weeks, from organic heart trouble. She had been a great sufferer all her life from a complication of diseases, and with her weakened heart was not able to survive this recent attack. Her death has been expected every day for three weeks.

Mrs. Hopper was born in Abingdon, Ill., in 1851. Was educated at Hedding college, where she took an active part in literary circles and in the Christian activities of the school. It was while attending college she met Mr. Hopper. She was married in Abingdon nearly forty-five years ago. Moved to Nodaway county and later returned to Abingdon. From there they moved to southwest Kansas, where they lived for twenty-five years. Upon the advice of the physician they moved from the high altitude of that country to this county, where she has lived since. She was converted in early youth

and joined the Methodist Episcopal church. She has been as active as her health would allow in all these years. She was a life member of the Home Missionary society. Hers was a beautiful life, an example of cheerfulness and patience in suffering and of sympathy and love to all who knew her. It was her prayer that if it was the will of the Father that she might be taken home.

Funeral services were conducted at the home by her pastor, the Rev. Gilbert S. Cox, assisted by the Rev. Robert C. Holliday of the M. E. Church, South. The text of the sermon was 1 Cor. 2:9. Mrs. Maltbie of Topeka sang "The City Four-Square" and she and Mr. Cox sang "It Is Well with My Soul."

She is survived by her husband, M. A. Hopper, and two children, C. E. Hopper of Garden City, Kan., and Mrs. Lois Long of Maryville.

There Is No Question but that indigestion and the distressed feeling which always goes with it can be promptly relieved by taking a

Rexall Dyspepsia Tablet

before and after each meal. 25c a box. Orear-Henry Drug Co.

MAN GIVES BLOOD VIA GLASS TUBES

Surgeons See Transfusion Without Linking of Arteries.

NEARLY ALWAYS SUCCEEDS.

Called Kempton-Brown Method and is Said to Be a Cure For Acute Hemorrhages—Patients May Even Sit in Separate Rooms—Invented by Boston Physician.

Boston.—The transfusion of nearly a quart of blood from a man to a woman was among the mysteries revealed in one of the clinics which opened its doors to the clinical congress of surgeons. The new method, known as the Kempton-Brown method, was invented by Dr. A. R. Kempton, a Boston physician, and was demonstrated by Dr. E. P. Richardson and Dr. R. H. Miller at the Robert Brigham hospital.

The Kempton-Brown method of transfusing blood through glass tubes was used in a case of pernicious anemia. Although in this disease the treatment is only palliative, it is declared practically a cure for acute hemorrhages.

Unlike the old method, where the artery of one person was linked directly to the vein of the other, Dr. Kempton's invention permits the two patients to be separated, even to sit in different rooms. Venous instead of arterial blood is then directed into the glass tube, waxed with paraffin and carried, as in a bucket, to the patient.

This method, it is stated, offers three advantages—the arteries of the donor are not injured, the exact amount of blood can be measured, and the method practically always succeeds.

Another method of treating anemic patients was demonstrated at the Massachusetts General hospital by Dr. Roger I. Lee and Dr. Beth Vincent, who showed how the spleen might be removed. The two methods used to gether produce the best results.

One of the most important papers yet read in connection with the clinical congress was that of Dr. Charles F. Painter of Boston at the Peter Bent Brigham hospital. He explained to several hundred surgeons how that great bugaboo rheumatism was usually the result of poor teeth, of the cold that would not stay cured or of disordered tonsils, ears or other organs. The poison germ, he explained, was carried by the blood through the body until it lodged in the joint.

Dr. David Cheever performed an important cancer operation and explained that the one way to cure cancer was to take the growth out during its early stages.

Mrs. Ratha Ruminon left today for her home in Livermore, Ia., after a short visit here with her grandmother, Mrs. Sam Mozingo and other relatives.

Garlic Given High Praise
Invaluable as a Remedy for Many Diseases, According to Man Who Professes to Know.

Garlic is one of the most wholesome herbs that can be eaten. It stimulates all secretions and its effect is strong upon the liver and kidneys.

A teaspoonful of garlic juice and sugar will generally ward off an oncoming cold.

Garlic eaters have good skins, for garlic is excellent in treating eruptions of all sorts.

Those races that use much garlic in their food are those that are least susceptible to tuberculosis. Many doctors in Europe treat tuberculosis with garlic, giving it internally in the form of a sirup, externally in the form of poultices, or making their patients inhale an infusion.

The essential principle of garlic, that which acts upon the system, is allyl sulphide. This also causes the characteristic—and to many persons disagreeable—smell.—Exchange.

Placed.
"So you're looking for a job in the chorus, eh?"
"Yes, sir."
"How is your voice?"
"Well, I'm a little hoarse now, but—"

"All right I'll put you in the pony ballet."

Women More Forgetful.
Chicago.—Who is the more forgetful, man or woman? Samuel Kroes, who has been in charge of the La Salle street depot "lost and found" bureau for a number of years, indicts the feminine sex. Thousands of dollars in the trains and depots of Chicago are represented in the articles forgotten every year, the majority by women. Many of great value are left through absent-mindedness.

BOYS SWARM WITH TREASURE.

Wall Street Meets Few Losses Through Young "Runners."

New York.—The boys who run around Wall and Broad streets every day with \$100,000 or so of negotiable securities tied to their waists by steel chains increased in number so rapidly during the rush of trading that the brokerage houses established a fine system of espionage to prevent the loss of negotiable paper.

There are about 600 brokerage houses in the financial district, and probably every one of them took on two new runners, as the boys who carry securities to and from the houses and to the transfer offices are called.

When one of the boys yielded to the enticing voice of a sufrage orator or the arguments of a prohibition campaign speaker and paused awhile with a fortune in his custody he was very apt to have a special policeman in plain clothes step up to him and tell him to be on his way.

Many brokers expressed amazement that with such large amounts in easily convertible securities floating about the streets no serious losses happened.

HARD WINTERS BEFORE US.

Meteorologist Who Predicted Rain Cycle Makes New Forecast.

Paris.—The world's rain cycle, beginning in 1902, which the French meteorological authority, Abbe Moreau, director of the French observatory, predicted as the result of his study of the sun's face, is now, the abbe says, ended. He forecasts a series, though not perhaps unbroken, of twenty-six hard winters, beginning the present year.

According to the abbe, it is impossible to say where in Europe the winter cold will be excessive, but probabilities are France will have to face many rigorous seasons during this period. He bases his prophecy regarding coming winter temperatures upon the supposition that the temperature curve all over the world can be calculated on the same principles as the world's rain curve.

DROP POLITE NOTES BETWEEN AIR FIGHTS

Aviators Observe All Courtesies When U. S. Air Man Is Taken.

Paris.—The sequel to the recently reported capture of James Bach, an American belonging to the French flying corps, shows that a certain feeling of brotherhood exists among the rival aviators who daily try to kill one another thousands of feet above the earth.

The day after the capture of Bach and the pilot accompanying him a German plane flew over an aviation camp near the one at which the captured flier had been stationed and dropped an oft-remembered, to which was attached a note saying in French that Bach and his companion had descended in German territory and that neither was wounded.

The message was picked up and dispatched to the camp with which Bach had been connected. There the note was received by Bert Hall, another American of the same escadrille, who is reported to have distinguished himself on the first day of the Champagne drive. Hall prepared a note of thanks, which the next day was dropped on a German aeroplane camp twenty miles behind the enemy's lines.

A few days afterward a 150 horsepower albatross biplane, which had been maneuvering over French territory despite hot firing was forced to descend in a field adjoining the camp of a French escadrille. A bullet had penetrated the gasoline tank, gradually emptying it. The German pilot and observer were immediately captured by several air men, to whom they exclaimed suddenly in good French:

"This doesn't count; we only stopped to borrow a little gasoline."

The prisoners were just in time for dinner, and the officers' mess received them politely and talked aviation with them until the time came to turn them over to other authorities.

HIS EXPERIENCE A HANDICAP.

Sentenced to Help Jail Doctor For One Year—Penalty For Robbing.

Chicago.—George C. Wakeman, twenty years old, son of Edgar L. Wakeman, author and lecturer, will act as assistant to Dr. Irving L. Barnett, county jail physician, for the next year, by order of Judge Brothers in the criminal court.

The sentence was imposed after Wakeman pleaded guilty to a charge of robbing William Haidt of Glenwood, with whom he was out for a "good time."

Attorney Thomas J. Johnson, Wakeman's counsel, told the judge that the defendant had served three years in the medical department of the United States navy and had been honorably discharged.
